## INDEPENDENT AUDITOR'S REPORT

**Honorable Mayor and Member of the  
Municipal Legislature  
San Sebastián, Puerto Rico**

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Municipality of San Sebastián, Puerto Rico, as of June 30, 2015, and the related notes to the financial statements, which collectively comprise the Municipality's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

## Summary of Opinions

Head Start Fund	Unmodified
Debt Service Fund	Unmodified
Loans Fund	Unmodified
Capital Improvements Funds	Unmodified
Other Governmental Funds	Unmodified

### Basis for Qualified Opinion on Governmental Activities and Note Disclosure Regarding Pension Plan

The net pension liability and deferred outflows/inflows of resources in governmental activities of the government-wide Statement of Net position, and pension expense for the current period change in that liability in governmental activities of the government-wide Statement of Activities were derived from the application of the proportional share included in the unaudited financial statements, notes and required supplementary information of the Employees' Retirement System of the Government of the Commonwealth of Puerto Rico, cost-sharing multiple-employer pension plan. We were unable to obtain sufficient appropriate audit evidence about the proportional share used to determine the deferred outflows/inflows of resources, net pension liability, and pension expenses of the governmental activities and the information disclosed in the notes of the pension plan. Consequently, we were unable to determine whether any adjustments to these amounts and disclosures were necessary. The net pension liability and deferred outflows/inflows of resources represent 58 percent and 100 percent, of the total liabilities, deferred outflows/inflows of resources, respectively, as of June 30, 2015, while pension expense represents 9 percent of total expenses for the fiscal year then ended.

### Qualified Opinion

In our opinion, except for the possible effects of the matter discussed in the "Basis for Qualified Opinion on Governmental Activities and Note Disclosure Regarding Pension Plan" paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities of the **Municipality**, as of June 30, 2015, and the respective changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Unmodified Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund, and the aggregate remaining fund information of the Municipality of San Sebastián, Puerto Rico, as of June 30, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### Emphasis-of-Matter

#### *Newly Adopted Standards*

As discussed in Note 1 item O to the financial statements, the **Municipality** adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions -an amendment of GASB No. 27, and GASB No. 71, Pension Transition for Contributions Made Subsequent to the Measurement Date – and amendment of GASB Statement No. 68*, during fiscal year 2015. Our opinions are not modified with respect to this matter.

### *Restatement of Prior Year Financial Statements*

As discussed in Note 22 to the financial statements, the 2014 financial statements have been restated for the implementation of GASB Statements Nos 68 and 71. Our opinions are not modified with respect to this matter.

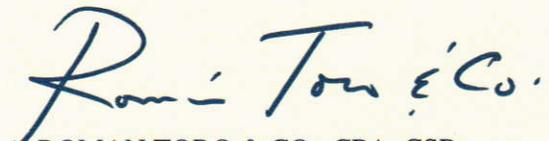

### **Other Matters**

#### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and employees' retirement systems information on pages 4-15, pages 59-60 and 61-62 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance. We were unable to apply certain limited procedures to the required supplementary information related to employees' retirement systems information applicable to **Municipality**, in accordance with auditing standards generally accepted in the United States of America. We do not express an opinion or provide any assurance on the information.

### **Other Reporting Required by Government Auditing Standards**

In accordance with Government Auditing Standards, we have also issued our report dated March 23, 2016, on our consideration of the Municipality of San Sebastián, Puerto Rico's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Municipality of Sebastián, Puerto Rico's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION AND ANALYSIS**

**FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

---

The management of **Municipality of San Sebastián**, Puerto Rico (**Municipality**) offers this narrative overview and analysis of the financial activities of the Municipality for the fiscal year ended June 30, 2015. The Management's Discussion and Analysis (MD&A) is designed to focus on the current year activities, resulting changes and currently known facts, and much of the information is comparable to prior year. This MD&A should be read in conjunction with the accompanying basic financial statements and the accompanying notes to those financial statements.

This MD&A is prepared in order to comply with the reporting model required by Governmental Accounting Standards Board Statement No. 34 and, among other purposes, to provide the financial statements users with the following major information:

- a broader basis in focusing important issues;
- acknowledgement of an overview of the Municipality's financial activities;
- provide for an evaluation of its financial condition as of the end of the indicated fiscal year, compared with prior year results;
- identification of uses of funds in the financing of the Municipality's variety of activities and;
- assess management's ability to handle budgetary functions.

**GOVERNMENTAL ACTIVITIES – FINANCIAL HIGHLIGHTS**

The following are key financial highlights for the fiscal year:

- The Municipality's assets exceeded its liabilities at June 30, 2015 by \$16,380,246, and at June 30, 2014 by \$16,943,355, as restated;
- The Municipality's total net position decrease by \$563,109 during fiscal year 2014-2015;
- As of June 30, 2015, the Municipality's governmental funds reported combined ending fund balance of \$13,421,485, an increase of \$1,033,943 from the prior year;
- At June 30, 2015, the Statement of Net Position presented an unrestricted deficit of (\$45,587,220);
- The Municipality's capital assets inventory increase as a result of this year's operations. Capital assets as of June 30, 2015 were \$67,812,290 (net of accumulated depreciation);
- The investment in capital assets for this year was \$51,165,184 (net of related debt);
- Loans principal payments were \$1,710,000 and \$1,550,000 in 2014 and 2013, respectively.

**BUSINESS-TYPE ACTIVITIES –FINANCIAL HIGHLIGHTS**

- The total net position of the proprietary fund amounted to \$1,157,564, of which \$678,626 are invested in capital assets, net of related debt, \$326,241 are restricted for the operations of federally funded programs and \$152,697 are unrestricted;
- The total net position of the proprietary fund increased by \$47,324 during the fiscal year ended on June 30, 2015.

**OVERVIEW OF THE BASIC FINANCIAL STATEMENTS**

This discussion and analysis is intended to serve as an introduction to the Municipality's financial statements. The Municipality's basic financial statements comprise three components: government-wide financial statements; fund financial statements; and notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

MUNICIPALITY OF SAN SEBASTIÁN**

**MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)**

**FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

---

**GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements are composed of: (1) the statement of net position and (2) the statement of activities. These financial statements can be found immediately following this MD&A. These financial statements are designed to provide readers with a broad overview of the Municipality's finances, in a manner similar to a private-sector business.

**STATEMENT OF NET POSITION**

The purpose of the statement of net position is to attempt to report all assets owned and all liabilities owed by the Municipality. The Municipality reports of all of its assets when it acquires ownership over the assets and reports all of its liabilities when they are incurred. For example, the Municipality reports buildings and infrastructure as assets, even though they are not available to pay the obligations incurred by the Municipality. On the other hand, the Municipality reports liabilities, such as claims and judgments, bonds and notes payable, obligations under capital leases, compensated absences and certain accounts payable and accrued liabilities, even though these liabilities might not be paid until several fiscal years into the future.

The difference between the Municipality's total assets and total liabilities reported in the statement of net position is presented as net position, which is similar to the total owners' equity reported by a commercial enterprise in its financial statements. Although the purpose of the Municipality is not to accumulate net position, as this amount increases or decreases over time, such amount represents a useful indicator of whether the financial position of the Municipality is either improving or deteriorating, respectively.

**STATEMENT OF ACTIVITIES**

The statement of activities presents information showing how the Municipality's net position changed during the fiscal year ended June 30, 2015, by presenting all of the Municipality's revenues and expenses. As previously discussed, the items reported in the statement of activities are measured in a manner similar to the approach used by a commercial enterprise in that revenues are recognized when earned or established criteria are satisfied, and expenses are recorded when incurred by the Municipality. Consequently, revenues are reported even when they may not be collected for several months after the end of the fiscal year and expenses are recorded even though they may not have used cash during the current year.

Although the statement of activities looks different from a commercial enterprise's income statement, the difference is only in format, not substance. Whereas the bottom line in a commercial enterprise represents its net income, the Municipality reports an amount described as net change in net position, which is essentially the same concept.

The focus of the statement of activities is on the net cost of various activities provided by the Municipality. The statement begins with a column that identifies the cost of each of the Municipality's major functions. Another column identifies the revenues that are specifically related to the classified governmental functions. The difference between the expenses and revenues related to specific functions/programs identifies the extent to which each function of the Municipality draws from general revenues or is self-financing through fees, intergovernmental aid, and other sources of resources.

This statement also presents a comparison between direct expenses and program revenues for each function of the Municipality.

**GOVERNMENT-WIDE FINANCIAL STATEMENTS (CONTINUED)**

Both of the government-wide financial statements of the Municipality are principally supported by taxes and intergovernmental revenues. The Municipality's activities include; general government, public safety, public works, culture, recreation, health and welfare, and interests. Property taxes, volume of business taxes, sales taxes, and state and federal grants finance most of these activities.

**FUND FINANCIAL STATEMENTS**

The Municipality's fund financial statements consist of: (1) the balance sheet – governmental funds, (2) the statement of revenues, expenditures and changes in fund balances – governmental funds, (3) the statement of net position – proprietary fund, (4) the statement of revenues, expenses and net change – proprietary fund, and (5) the statement of cash flows – proprietary fund. These financial statements report the financial position, the results of operations and cash flows of the Municipality's governmental and proprietary funds, with an emphasis on the Municipality's major governmental and proprietary funds.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Municipality, like most other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. Each fund is considered an independent fiscal entity accounted for within a set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue, and expenditures. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with legal, financial and contractual provisions.

**GOVERNMENTAL FUNDS**

The Municipality's basic services are reported in the government fund financial statements. The government funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted into cash. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions.

The Municipality adopts an annual appropriated budget for its general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

**PROPRIETARY FUND**

The proprietary fund is a fund used to report the financial position, results of operation and cash flows of Villa Soigal (Project No. 63-29-665705492,01-3), is a housing development consisting of 120 dwelling units located in San Sebastián.

**FUND FINANCIAL STATEMENTS (CONTINUED)**

**PROPRIETARY FUND (CONTINUED)**

The project is owned by the Municipality, but its operations are carried out by a private management agent unrelated to the Municipality. The housing development project of Villa Soigal has been designed to assist various segments of the general public in obtaining adequate and reasonable priced rental housing. The project operates under financing through the Section 8 New Construction and Substantial Rehabilitation Program of the U.S. Department of Housing and Urban Development and the Section 515 Rural Rental Housing Loans Program of the U.S. Department of Agriculture. The purpose of Villa Soigal is to provide adequate housing to low-income residents of the Municipality.

The activities of Villa Soigal have been reported as a proprietary fund in the accompanying basic financial statements since GAAP permits the use of enterprise funds to report any activity for which a fee is charged to external users of goods or services, regardless of whether the government intends to fully recover the cost of the goods or services provided. Thus, it is common to use proprietary fund reporting to account for services where the government intends to recover only a portion of its costs through fees or user charges.

Proprietary funds provide the same type of information as the GWFS, but in more detail.

**NOTES TO THE BASIC FINANCIAL STATEMENTS**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

**OTHER INFORMATION**

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information containing budget to actual comparisons for the general and major funds.

**GOVERNMENTAL NET POSITION**

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the Municipality, governmental activities assets exceeded liabilities by \$16,380,246 as of June 30, 2015, versus \$16,943,355, as restated, as of June 30, 2014. Business-type activities assets exceeded liabilities by \$1,157,564 as of June 30, 2015, versus \$1,110,240 as of June 30, 2014. Our analysis below focuses on the net position (**Table 1**) and changes in net position of the Municipality's governmental activities and business-type activities.

**MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)**

**FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

**GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)**

The largest portion of the Municipality's net position reflects its investment in capital assets (e.g. land, buildings, machinery and equipment), less any related debt used to acquire those assets still outstanding. These capital assets are used to provide services to citizens; consequently these assets are not available for future spending. It should also be noted that the resources required to repay the related debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. An additional portion of the Municipality's net position represents resources that are subject to external restrictions on how they may be used.

**GOVERNMENTAL ACTIVITIES**

Governmental activities decreased the Municipality's net position. Key elements of this decrease are as follows: the Municipality's governmental activities had net expenses of (\$19,138,707). However, these services are intended to be primarily funded by taxes, as opposed to charges for services and grants, and those taxes and other general revenues did not exceed net expenses by \$563,109. In addition, business-type activities increased the Municipality's net position by \$47,324.

The cost of all governmental activities and business-type activities this year was \$26,002,560 and \$610,578, respectively. **Table 2** presents the cost of each of the Municipality's largest programs.

**GOVERNMENT-WIDE FINANCIAL ANALYSIS (CONTINUED)**

Approximately forty-two percent (42%) of the Municipality's governmental activities and business-type activities total revenue came from taxes, while fifty-two percent (52%) resulted from grants and contributions. Federal grants represent forty-four percent (44%) of the governmental activities grants revenues. The Municipality's governmental activities and business-type activities expenses included items such as general government, public safety, public works, culture and recreation, health and welfare, public housing and welfare, and interest on long term debts.

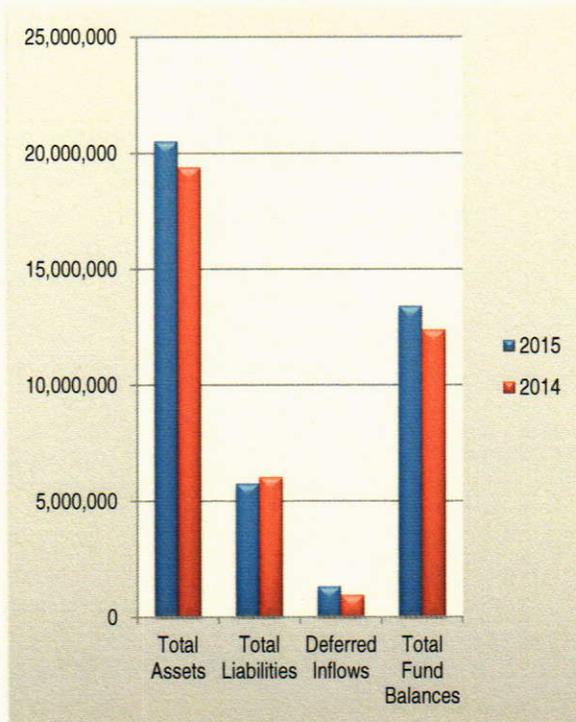

Approximately thirty-one percent (31%) of total expenses resulted from general government, twenty-four percent (24%) from public works, eight percent (8%) from culture and recreation and twenty-six percent (26%) from health and welfare.

**GOVERNMENT FUND FINANCIAL ANALYSIS**

As noted earlier, the Municipality uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The focus of the Municipality's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the Municipality's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of its fiscal year. At June 30, 2015 the Municipality's governmental funds reported combined ending fund balances of \$13,421,485, an increase of \$1,033,943 from the prior year.

**BUDGETARY HIGHLIGHTS**

Budget and actual comparison schedules are provided in the Basic Financial Statements for the General Fund. The Budgetary Comparison Schedule of the General Fund shows the original adopted budgets, the final revised budget, actual results, and variance between the final budget and actual results for the general and major special revenue funds. **Table 5** summarizes the results of the General Fund's Budgetary Comparison Schedule:

<b>Table 5</b>	<b>Final Budget</b>	<b>Actual Amounts</b>	<b>Variance</b>
Total revenues	\$ 16,762,496	\$ 16,866,386	\$ 103,890

<b>Excess or deficiency</b>	<b>\$ -</b>	<b>\$ 1,751,743</b>	<b>\$ 1,751,743</b>

The original and the final budget of the General Fund for the fiscal year ended June 30, 2015 amounted to \$16,762,496. Over the course of the fiscal year, the Municipality revised the General Fund's budget in order to include, if necessary, increases and decreases in revenues that were identified during the course of the fiscal year based on current developments that positively affected the Municipality's finances. The laws and regulations of the Commonwealth mandate a balanced budget.

The total actual revenues (budgetary basis) of the general fund for the fiscal year ended June 30, 2015 were \$16,866,386, which is \$103,890 more than the budgeted revenues. In addition, the total actual expenditures and other financing sources (budgetary basis) of the general fund for the fiscal year ended June 30, 2015 were \$15,114,643, which is approximately ten percent (10%), or \$1,647,853 less than the budgeted expenditures.

**CAPITAL ASSETS AND DEBT ADMINISTRATION**

The Municipality's investment in capital assets for its governmental type activities as of June 30, 2015 amounted to \$67,812,290 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, furniture and fixtures, vehicles and equipment, and infrastructure. The total increase in the Municipality's investment in capital assets for the current fiscal year was \$786,972 (net of retirements). **Table 6** present the major classes of capital assets.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)

FOR THE FISCAL YEAR ENDED JUNE 30, 2015

**LONG-TERM DEBT**

At June 30, 2015, the Municipality had total of \$67,601,666 in general obligations, pension liabilities and others outstanding debts, as shown in **Table 7**. Of this amount, \$21,007,000 comprises debt backed by the full faith and credit of the government, \$42,573,801 correspond to the net pension liability and \$4,020,865 is other obligations.

<b>Table 7</b>	
<b>Long Term Debts</b>	<b>Amount</b>
General obligations bonds and notes	\$ 21,007,000
Property Tax Debt – Law 42	861,291
Property Tax Debt – Law 146	128,635
Estimated landfill closure and post-closure care cost	179,817
Compensated absences	2,814,357
Claims and Judgments	36,765
Net pension liability	<u>42,573,801</u>
<b>Total Long Term Debts</b>	<b><u>\$ 67,601,666</u></b>

The Municipality is required to limit the amount of general obligation debt to 10% of the total assessment of property located within the Municipality in order for the bonds to be repaid with the proceeds of property taxes restricted for debt services. Other obligations include accrued vacation and sick leave and advances of property taxes. More detailed information about the Municipality's long-term liabilities is presented in the notes to the financial statements. The Municipality continues to meet its financial needs through prudent use of its revenues and creative debt financing programs.

**Pension Obligation**

During the fiscal year 2014-2015, the Municipality has adopted the GASB 68, *Accounting and Reporting for Pensions*. This statement replaces GASB 27, *Accounting for Pensions by State and Local Governments* and requires that an employer report a net pension liability and related changes in the net pension liability, instead of a net pension obligation.

**ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

Local, national and international economic factors influence the Municipality's revenues. Positive economic growth is correlated with increased revenues from property taxes, volume of business taxes, sales taxes, charges for services, as well as state and federal grants. Economic growth in the local economy may be measured by a variety of indicators such as employment growth, unemployment, new construction, assessed valuation, and other revenues.

All of these factors were considered in preparing the Municipality's budget for the 2015 fiscal year. Some cost reductions helped fund improvements of existing facilities, public safety and works, economic development initiatives and human service improvements.

**FOR THE FISCAL YEAR ENDED JUNE 30, 2015**

**TOTAL FUND BALANCES – GOVERNMENTAL FUNDS ..... \$ 13,421,485**

Amounts reported for Governmental Activities in the Statement of Net Position are different because:

Capital Assets used in governmental activities are not financial resources and therefore, are not reported in the funds. In the current period, these amounts are:

Non Depreciable Capital Assets .....	\$ 8,079,353
Depreciable Capital Assets .....	85,436,418
Accumulated Depreciation .....	<u>(25,703,481)</u>

Total..... 67,812,290

Some of the Municipality's receivables will be collected after year end, but are not available soon enough to pay for the current period's expenditure and therefore, are deferred in the funds:

Municipal license taxes .....	509,033
Sales and use taxes.....	136,699
Interest, fines and penalties .....	<u>619,112</u>

Total..... 1,264,844

Amounts presented in the Statement of Net Position, but not in Fund Balances due to different basis of accounting:

Deferred outflows of resources related to pension.....	1,823,986
Deferred inflows of resources related to pension.....	<u>(340,693)</u>

Total..... 1,483,293

Some liabilities are not due and payable in the current period and therefore, are not reported in the funds. Those liabilities consist of:

General Bonds and Notes Payable.....	(21,007,000)
Compensated Absences .....	(2,814,357)

Amounts reported for Governmental Activities in the Statement of Activities are different because:

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. In the current period, these amounts are:

Capital Assets Additions.....	7,977,193	
Retirements and Construction in Progress Reclassifications .....	(5,089,558)	
Depreciation Expense .....	<u>(2,100,663)</u>	
Excess of Capital Assets Additions over Depreciation Expense .....		786,972

Some of the Municipality's revenues will be collected after year end, but are not available soon enough to pay for the current period's expenditure and therefore, are deferred in the funds. The following amount represented these revenues from prior year..... (847,606)

Some of the Municipality's revenues will be collected after year end, but are not available soon enough to pay for the current period's expenditure and therefore, are deferred in the funds. The following amount represented these revenues from current year..... 1,264,844

Debt proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. In the current period, these amounts are: (2,315,000)

Repayment of debt proceeds principal is expenditure in the governmental funds, but the repayment reduces Long-Term Liabilities in the Statement of Net Position. In the current year the repayments were..... 1,710,000

Repayment of long-term principal is expenditure in the governmental funds, but the repayment reduces Long-Term Liabilities in the Statement of Net Position. In the current year, the repayments and changes in debts were:

**NOTES TO THE BASIC FINANCIAL STATEMENTS**

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Municipality of San Sebastián, Puerto Rico (Municipality) is a local governmental with full legislative, fiscal and administrative power to operate as a governmental under Law No. 81 of August 30, 1991, as amended, known as the *Autonomous Municipality Act of the Commonwealth of Puerto Rico (Law No. 81)*.

The Municipality's governmental system consists of executive and legislative branches. The Constitution of the Commonwealth of Puerto Rico (the "Commonwealth") provides for the separation of powers of the executive, legislative and judicial branches. A Mayor, elected every four years by the citizens, exercises the executive power of the Municipality. The legislative power is exercised by the Municipal Legislature, which is also elected every four years. The General Justice Court System of the Commonwealth, which has jurisdiction over the Municipality, exercises the judiciary power.

The Municipality assumes responsibility for providing services to its citizens related to public housing, welfare, public safety, health, sanitation, education, culture, recreation, urban development, and many other general and administrative duties.

The accounting policies of the Municipality conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The following is a summary of the more significant policies.

The accompanying basic financial statements of the Municipality have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as prescribed by the Governmental Accounting Standards Board (GASB). The GASB is the standard-setting body for governmental accounting and financial reporting. The GASB periodically updates its codification of the existing Governmental Accounting and Financial Reporting Standards which, along with subsequent GASB pronouncements (Statements and Interpretations) constitutes GAAP for governmental units.

In June 1999, GASB issued Statement No. 34, *Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments* (GASB No. 34). This statement established new financial reporting requirements for state and local governments. On July 1, 2003, the Municipality adopted the provisions of GASB No. 34 as well as other statements referred to below.

The accompanying basic financial statements present the financial position and the results of operations of the Municipality and its various funds and fund types. The basic financial statements are presented as of June 30, 2015, and for the fiscal year then ended. The more significant of these accounting policies are described below and, where appropriate, subsequent pronouncements will be referenced.

According to the financial reporting model established by GASB No. 34, the minimum required financial statement presentation applicable to the Municipality is composed of the following elements: (1) government-wide financial statements (GWFS), (2) governmental fund financial statements (GFFS), (3) notes to basic financial statements, and (4) required supplementary information (RSI).

The required supplementary information, which consists of a management discussion and analysis (MD&A), is information presented along with, but separate from, the Municipality's basic financial statements. The MD&A is a narrative report that introduces the accompanying basic financial statements and provides an analytical overview of the Municipality's financial activities for the year ended June 30, 2015, based on the Municipality's knowledge of the transactions, events and conditions reflected in the basic financial statements. The MD&A also highlights certain key fiscal policies that control the Municipality's operations. Also, the other required supplementary information consists of the Budgetary Comparison Schedule – General Fund and the Schedule of the Municipality's Proportionate Share of the Net Pension Liability, and the Schedule of Municipality Contributions, as required by GASB.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

As previously mentioned, on July 1, 2003, other statements and interpretations were also adopted in conjunction and simultaneously with GASB No. 34. Those statements and interpretations are: (1) GASB Statement No. 33 – *Accounting and Financial Reporting for Nonexchange Transactions*, (2) GASB Statement No. 37 – *Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments: Omnibus*, (3) GASB Statement No. 38 – *Certain Financial Statement Note Disclosures* and (4) GASB Interpretation No. 6 – *Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements*, (4) GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, and (5) GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*.

GASB No. 34 also required that the accounting for all governmental activities reported in the GWFS be based on applicable pronouncements issued by the Financial Accounting Standards Board (FASB) and its predecessor bodies, such as the Accounting Principles Board (APB), issued on or before November 30, 1989, provided those pronouncements do not conflict with or contradict GASB pronouncements. Accordingly, in conjunction and simultaneously with the adoption of GASB No. 34, the Municipality also adopted the following pronouncements: (1) APB Opinion No. 20 – *Accounting Changes*, (2) APB Opinion No. 21 – *Interest on Receivables and Payables*, (3) FASB Statement No. 5 - *Accounting for Contingencies* and (4) FASB Statement No. 16 – *Prior Period Adjustments*. The Municipality has elected to not apply all statements and interpretations issued by FASB after November 30, 1989.

**A. FINANCIAL REPORTING ENTITY**

The accompanying basic financial statements include all departments and organizations units whose funds are under the custody and control of the Municipality. In evaluating the Municipality as a reporting entity, management has addressed all the potential component units. The decision to include any potential component unit in the reporting entity was made by applying the provisions of GASBS A, *Determining Whether Certain Organizations are Component Units – an Amendment of GASB 14*.

The basic criteria for including a potential component unit within the reporting entity is if potential component units are financially accountable and other legally separate organizations for which the Municipality is not financially accountable but the nature and significance of their relationship with the Municipality may be such that exclusion of the financial statements from those of the Municipality would cause the accompanying basic financial statements to be misleading or incomplete. Accordingly, a legally separate organization would be reported as a component unit of the Municipality if all of the following criteria are met:

- The Mayor appoints a voting majority of an organization’s governing body and, either (1) the Municipality has the ability to impose its will on that organization or (2) the organization has the potential to provide specific financial benefits to, or impose specific financial burdens on the Municipality.
- The economics resources, for which the Municipality is entitled, either received or held by the separate organization, are entirely or almost entirely for the direct benefit of the Municipality or its constituents.

The Municipality’s management has concluded that based on the aforementioned criteria, there are no legally separate entities or organizations that should be reported as component units of the Municipality for the fiscal year ended June 30, 2015. Accordingly, these basic financial statements present only the Municipality as the reporting entity.

These financial statements present the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Municipality, as of June 30, 2015, and the respective changes in financial position, where applicable, thereof for the fiscal year then ended.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**B. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING**

**GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements (the Statement of Net Position and the Statement of Activities) are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Grant and similar items are recognized as revenue as soon as all eligibility requirements have been met.

**GOVERNMENTAL FUND FINANCIAL STATEMENTS**

The governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recorded when susceptible to accrual; as soon as it is both measurable and available. "Available" means collectible within the current period or soon enough thereafter, normally within sixty (60) days, to be used to pay liabilities of the current period. Expenditures are generally recognized when the related liability is incurred.

The exception to this general rule is the principal and interest on general obligation long-term debt and compensated absences, if any, are recognized when due.

In applying the "susceptible to accrual" concept to intergovernmental revenues (federal grants) pursuant to GASBS No. 33, *Accounting and Financial Reporting for Nonexchange Transactions* (the Municipality may act as either provider or recipient), the provider should recognize liabilities and expenses and the recipient should recognize receivables and revenue when the applicable eligibility requirements including time requirements, are met. Resources transmitted before the eligibility requirements are met should, under most circumstances, be reported as advances by the provider and deferred revenue by the recipient.

There are essentially two types of revenue. For some grants, funds must be expended by the Municipality on the specific purpose or project before any amounts will be reimbursed. Revenue is, therefore, recognized as expenditures are incurred to the extent available. For the other revenue, moneys are virtually unrestricted and are generally revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenue at the time of receipt or earlier if the susceptible to accrual criteria is met.

Expenditures are generally recorded when a liability is incurred, as under accrual accounting. Modifications to the accrual basis of accounting include the following:

- ❖ Employee's vested annual vacation and sick leave is recorded as expenditure when utilized. The amount of accumulated annual vacation and sick leave unpaid at June 30, 2015, has been reported only in the government-wide financial statements.
- ❖ Principal and interest on bonds and notes payable are recorded when they mature (when payment is due), except for principal and interest due in July 1 of the following fiscal year, which are recorded when resources are available in the debt service fund (generally June 30).
- ❖ Obligation under capital leases, amount subject to claims and judgements under litigation and other long-term obligations are recorded only when they mature (when payment is due).
- ❖ Accounts payable and accrued liabilities not expected to be liquidated with available and expendable financial resources are recorded in the accompanying statement of net position but not in the governmental funds.

MUNICIPALITY OF SAN SEBASTIÁN

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. FINANCIAL STATEMENT PRESENTATION**

The basic financial statements include both government-wide (based on the Municipality as a whole) and fund financial statements. While the previous financial reporting model emphasized fund types (the total of all funds of a particular type), in the new financial model the focus is on either the Municipality as a whole, or major individual funds (within the basic financial statements). Both the government-wide and fund financial statements (within the basic financial statements) categorize primary activities as either governmental or business type.

**GOVERNMENT-WIDE FINANCIAL STATEMENTS**

The government-wide financial statements (the Statement of Net Position and the Statement of Activities) report information of all the activities of the Municipality. For most part, the effect of interfund activity has been removed from these government-wide financial statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The focus of the Statement of Net Position is designed to be similar to bottom line results for the Municipality and its governmental activities. This statement, for the first time, combines and consolidates governmental fund's current financial resources (short-term expendable resources) with capital assets and long-term obligations.

The Statement of Net Position presents the reporting entities' assets and liabilities, with the difference reported as net position. Net position is reported in three categories:

- ❖ **Invested in Capital Assets, Net of Related Debt** – These consists of capital assets, net of accumulated depreciation and amortization, and reduced by outstanding balances for bonds, notes, and other debt that are attributed to the acquisition, construction, or improvement of those assets.
- ❖ **Restricted** – These results when constraints are placed the use of resources, which can be either externally imposed by creditors, grantors, contributors, and the like, or imposed by law through constitutional provisions or enabling legislation.
- ❖ **Unrestricted** – These consists of resources which do not meet the definition of the two preceding categories. Unrestricted resources often are designated, to indicate that management does not consider them to be available for general operations. Unrestricted resources often have constraints that are imposed by management, but can be removed or modified.

When both restricted and unrestricted resources are available for use, generally it is the Municipality's policy to use restricted resources first, then the unrestricted resources as they are needed.

The Statement of Activities is focused on both the gross and net costs per functional category. The statement reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. This is intended to summarize and simplify the user's analysis of cost of various governmental services.

**GOVERNMENTAL FUND FINANCIAL STATEMENTS**

The fund financial statements (the Balance Sheet and the Statement of Revenues, Expenditures, and Changes in Fund Balances) are, in substance, very similar to the financial statements presented in the previous financial reporting model. Emphasis here is on the major funds in the governmental category. Non-major funds are summarized into a single column.

MUNICIPALITY OF SAN SEBASTIÁN

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**C. FINANCIAL STATEMENT PRESENTATION (CONTINUED)**

Traditional users of governmental financial statements will find the Fund Financial Statements presentation more familiar. The focus is on Major Funds, rather than the previous financial model's fund types. The Governmental Major Fund Statements are presented on current financial resources and modified accrual basis of accounting.

This is the manner in which these funds are normally budgeted. This presentation deemed most appropriate to (a) demonstrate legal and covenant compliance, (b) demonstrate the source and use of liquid resources, and (c) demonstrate how the Municipality's actual experience conforms to the budgeted fiscal plan.

Since the governmental fund statements are presented in a different measurement focus and basis of accounting than the government-wide statements, reconciliation is presented and a separate explanation for each differences.

The Municipality reports its financial position (Balance Sheet) and results of operations (Statement of Revenues, Expenditures and Changes in Fund Balance) in funds, which are considered separate accounting entities. The operations of each fund are accounted for within a set of self-balancing accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with legal, financial, and contractual provisions.

The new model as defined in GASBS No. 34 established criteria (percentage of the assets, liabilities, revenues, or expenditures/expenses of either fund category in the governmental fund) for the determination of major funds. The non-major funds are combined in a single column in the fund financial statements. The Municipality reports the following major funds:

**General Fund** – This is the general operating fund of the Municipality. It is used to account for all financial resources, except those required to be accounted for in another fund.

**Head Start Fund** – This is the fund used to account for all transactions of the Head Start Program. The objectives of this program are to provide comprehensive health, educational, nutritional, social and other developmental services primarily to economically disadvantaged pre-school children and infants and toddlers so that the children will attain school readiness.

**Debt Service Fund** – This is the fund used to account for the accumulation of resources for and the payment of, general long-term debt principal, interest, and related costs.

**Loans Fund** – This is the fund used to account for all financial resources and transactions related to the loans for construction purposes and capital outlays of the Municipality, which is financed by loans from the Government Development Bank of Puerto Rico.

**Capital Improvements Fund** – This is the fund used to account for all financial resources and transactions related to the special fund created by Ordinance Number 46-2014-2015, for construction and improvements.

NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. FINANCIAL REPORTING PRESENTATION

The accounts of the Municipality are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenditures. Fund types are as follows:

**General Fund**– Is the general operating fund of the Municipality. It is used to account for all governmental activity, except those required to be accounted for in another fund.

**Special Revenue Fund**–This is the fund used to account for revenues derived from local funds, state grants or other restricted revenue sources. The uses and limitations of each special revenue fund are specified by Municipality ordinances or state statutes.

**Debt Service Fund** – This is the fund used to account for the accumulation of resources for and the payment of, general long-term debt principal, interest, and related costs.

**Capital Projects Fund** – This is the fund used to account for financial resources used for the acquisition or construction of major capital facilities. The uses and limitations of each capital projects fund are specified by Municipality ordinances or state statutes.

E. FUND BALANCES

The Municipality adopted the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54), which enhanced the usefulness of fund balance information by providing clearer fund balance classifications that can be more consistently applied. This statement establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which the Authority is bound to observe constraints imposed upon the use of resources reported in governmental funds.

Pursuant to the provisions of GASB 54, the fund balances amounts are reported as nonspendable, restricted, committed, assigned and unassigned, based on the relative strength of the constraints that control how specific amounts can be spent, as described as follows:

- ❖ **Nonspendable** – Represent resources that cannot be spent readily with cash or are legally or contractually required not to be spent, including but not limited to inventories, prepaid items, long-term balances of loans and notes receivable.
- ❖ **Restricted** – Represent resources that can be spent only for the specific purposes stipulated by constitutional provisions, external resource providers (externally imposed by creditors or grantors), or through enabling legislation (that is, legislation that creates a new revenue source and restricts its use). Effectively, restrictions may be changed or lifted only with the consent of resource providers.
- ❖ **Committed** – Represent resources used for specific purposes, imposed by formal action of the entity's highest level of decision making authority (Municipal Legislature through resolutions and ordinances) and can only be changed by similar law, ordinance or resolution, no later than the end of the fiscal year.

**COMMONWEALTH OF PUERTO RICO  
MUNICIPALITY OF SAN SEBASTIÁN**

**NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)**

---

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**E. FUND BALANCES (CONTINUED)**

- ❖ **Assigned** – Represent resources intended to be used by the Municipality for specific purposes but do not meet the criteria to be classified as restricted or committed (generally executive orders approved by the Mayor). Intent can be expressed by the Municipal Legislature, the Mayor or by an official or body to which the Municipal Legislature delegates authority in conformity with Autonomous Municipalities Act of Puerto Rico, as amended. In governmental funds other than the general fund, assigned fund balance represents the remaining amount that is not restricted or committed.
- ❖ **Unassigned** – Represent the residual classification for the Municipality's general fund and includes all spendable amounts not contained in the other classifications. In other funds, the unassigned classification is used only to report a deficit balance resulting from overspending for specific purposes for which amounts had been restricted, committed, or assigned.

At June 30, 2015, the accompanying fund financial statements reported fund balances as restricted, committed, assigned and unassigned.

**F. BUDGETARY DATA**

The Municipality annually adopts the Budget Resolution for all operating funds of the Municipality except for certain restricted accounts of Proprietary Funds and Special Revenue Funds. Budgetary control is legally maintained at the fund level. The budget is prepared using the modified accrual basis of accounting with encumbrance included as budgetary basis expenditures. The Municipality's Budget Resolution provides transfer authority (1) to the Mayor and the Management and Budget Director, within and between departments and funds, as long as the total budget of the Municipality (net of interfund transfers) is not increased; (2) to the Management and Budget Director to implement grant budgets as the grant applications are accepted by the Municipality; and (3) to the Management and Budget Director to amend (re-appropriate) each new year's budget, to the extent of outstanding encumbrances, and/or unexpended project/grant appropriations at year end. Municipality's Legislature action is required for (1) use of the budgeted Legislature contingency, and (2) the approval of supplemental appropriations. During the year, several supplemental appropriations were necessary.

The budget columns (original and final budgets) of the Budgetary Comparison – General Fund reflect the original budget and the amended budget (which have been adjusted for legally authorized revisions of the annual budgets during the year). Appropriations, except remaining project appropriations, encumbrances, and unexpended grant appropriations, lapse at the end of each fiscal year.

Amendments to the budget, including transfers, require the approval of the Municipal Legislature. Unencumbered appropriations lapse at the end of the next fiscal year. The Municipality follows these procedures, in accordance with law, in order to establish the budgetary data reflected in the basic financial statements:

1. Prior of May 31 of each fiscal year, the Mayor submits to the Municipal Legislature a proposed budget for the fiscal year commencing the following July 1 in addition of a budget message;

**F. BUDGETARY DATA (CONTINUED)**

2. The budget document is available for public inspection prior to its approval by the Municipal Legislature;
3. The Commissioner of Municipal Affairs examines the budget to verify if it complied with the law's standards and sends it to the Mayor for any comments or recommendation before the limited date establishes by the Law;
4. Prior to June 30, the annual budget is legally enacted through passage of the annual appropriation ordinance;
5. If a budget is not adopted prior to the end of the end of the fiscal year, the annual budget for the preceding fiscal year, as approved by the Municipal Legislature and the Mayor, is automatically renewed for the ensuing fiscal year until a new budget is approved. This permits the Municipality to continue making payments for its operating and other expenses until the new budget is approved;
6. Subsequent to the enactment of the annual appropriation ordinance, the Municipal Legislature has the authority to make necessary amendments made during the fiscal year and are reflected in the budget information included in the Budgetary Comparison Schedule – General Fund;
7. Budgetary data for the Special Revenue Fund has not been presented in the accompanying basic financial statements as such funds are budgeted over the life of the respective grant or project and not on an annual basis.

Since the budgetary basis differs from accounting principles generally accepted in the United States of America (GAAP), actual amounts for the General Fund in the accompanying Budgetary Comparison Schedule, is presented on the budgetary basis to enhance comparability.

The principal differences between the budgetary and GAAP bases are the following:

1. Encumbrances are recorded as expenditures under the budgetary basis and as a reserve of fund balances under GAAP.
2. The non-exonerated portion of the property tax advances are presented as revenue in the budgetary basis and as other financing sources under GAAP.
3. Interfund transactions of the General and Special Revenue Funds are not included in the budgetary basis.
4. Certain accrued liabilities and other debts are not included in the budgetary basis.
5. Certain revenues susceptible to accrual, i.e., both measurable and available, are not included in the budgetary data.

All encumbrance appropriations in the operating budget lapse at the end of the fiscal year. Property taxes collected during the current year by the Municipal Revenue Collection Center (Fiscal Agent) are presented as revenues in the accounting basis but are not considered in the budgetary schedule.

**F. BUDGETARY DATA (CONTINUED)**

The special funds of the Special Revenue Fund have not been included in the budgetary comparison because balances are not budgeted. Also, the budget prepared for the Federal Finance Awards Programs included in the Major and Non Major Funds is based on a program period which is not necessarily a year. Accordingly, it's not practical to present an annual comparison of budget for such programs.

**G. CASH, CASH EQUIVALENT AND INVESTMENT**

The Finance Director of the Municipality is responsible for investing the available resources in certificates of deposit and other short-term investments. Investments are made from the available combined funds of the Municipality and, accordingly, it is not practical to disclose certificates of deposit and other short-term investments individually by fund in the combined financial statements. Interest earned on certificates of deposit and other short-term investments are recognized as revenue in the General Fund. Cash in the Special Revenue, Debt Service and Capital Project Funds are restricted; accordingly, resources available were not used for pool investments.

Under the laws and regulations of the Commonwealth, public funds deposited by the Municipality in commercial banks must be fully collateralized for the amounts deposited in excess of the federal depository insurance generally provided by the Federal Deposit Insurance Corporation (FDIC). All securities pledged as collateral are held by agents designated by the Commonwealth's Secretary of the Treasury, but not in the Municipality's name.

Cash with fiscal agent represents property tax collections retained by the Municipal Revenue Collection Center and undisbursed proceeds of certain bonds, loans or grants which are maintained in a cash custodian account by the Government Development Bank of the Commonwealth of Puerto Rico.

Cash balance recognized in the Debt Service Fund is restricted for the payment of the Municipality's obligations, and others are restricted for specific projects, such as the acquisition or construction of permanent improvements. The sinking fund is maintained by the Governmental Development Bank of Puerto Rico, agency which acts as the insurer and payer of the Municipality's bonds and notes issued in accordance with law.

**H. RECEIVABLES**

Receivable are stated net of estimated allowances for uncollectible accounts, which are determined upon past collection experience and current economic conditions. Receivable from Federal Government represents amounts owed to the Municipality for reimbursement of expenditures incurred pursuant to federally funded programs.

**I. INVENTORIES**

The General, Special Revenue and Capital Project Funds, purchases office and printing supplies, gasoline, oil and other expendable supplies held for consumption. The cost of purchases is recorded as expenditure in the appropriate fund and the inventory is not recorded in the basic financial statements.

**J. CAPITAL ASSETS**

Property, plant and equipment purchased or acquired is carried at historical cost or estimated historical cost. Contributed assets are recorded at fair market value as of the date received. Other costs incurred for repairs and maintenance is expensed as incurred.

Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

<b>Capital Assets</b>	<b>Years</b>
Buildings and building improvements	20-50
Infrastructure	25-50
Vehicles and equipment	5-20
Furniture and fixtures	5-10

**K. LONG-TERM OBLIGATIONS**

The liabilities reported in the government-wide financial statements included general and special obligation bonds and notes, and other long-term liabilities, such as vacation, sick leave, litigation, long-term liabilities to other governmental entities.

In the fund financial statements, governmental fund types recognize bond issuances cost, during the current period. The face amount of debt issued is reported as other financing sources, while bond issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

**L. COMPENSATED ABSENCES**

The Municipality accrues accumulated unpaid vacation and sick leave and associated employee-related costs when earned (or estimated to be earned) by the employee. The Municipality's employees are granted 30 days of vacations and 18 days of sick leave annually. Vacations may be accumulated up to a maximum of sixty (60) days and sick leave up to a maximum of ninety (90) days. In the event of employee resignation, the employee is paid for accumulated vacation days up to the maximum allowed. Separation from employment prior to use of all or part of the sick leave terminates all rights for compensation, except for employees with ten years of service who are entitled to sick leave pay up to the maximum allowed. The Municipality accrued a liability for compensated absences, which meet the following criteria:

1. The Municipality's obligation relating to employee's rights to receive compensation for future absences is attributable to employee's services already rendered.
2. The obligation relates to rights that vest or accumulate.
3. Payment of the compensation is probable.
4. The amount can be reasonably estimated.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**L. COMPENSATED ABSENCES (CONTINUED)**

In accordance with the above criteria and requirements as established by GASBS No. 16; the Municipality has accrued a liability for compensated absences, which has been earned but not taken by Municipality's employees. For the government-wide statements, the current portion is the amount estimated to be used in the following year. For the governmental funds statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and government-wide presentations.

The following is a summary of changes in the balance of Compensated Absences for the fiscal year ended June 30, 2014.

<u>BALANCE</u> <u>JUNE 30, 2014</u>	<u>NEW ISSUES</u>	<u>RETIREMENTS AND CURRENT MATURATES</u>	<u>BALANCE</u> <u>JUNE 30, 2015</u>	<u>CURRENT PORTION</u>	<u>LONG-TERM PORTION</u>
\$ 2,618,570	\$ 195,787	\$ -	\$ 2,814,357	\$ 207,000	\$ 2,607,357

**M. INSURANCE**

The Municipality has insurance coverage for its public facilities, primarily to provide protection from catastrophic losses. Also, principal officials of the Municipality are covered under various surety bonds. The Secretary of the Treasury Department of the Commonwealth of Puerto Rico is the agent commissioned to place all of the Municipality's insurance coverage. Corresponding premiums payable are withheld by the Municipal Revenue Collection Center from quarterly advances of annual property tax and subsidy sent to the Municipality.

**N. INTERFUND TRANSACTIONS**

Interfund transactions are reflected as loans, reimbursements or transfers. Loans are reported as receivables and payables as appropriate and are subject to elimination upon consolidation. Reimbursements occur when one fund incurs a cost, charges the appropriate benefiting fund and reduces its related cost as a reimbursement. All other interfund transactions are treated as transfers. Transfers between governmental or proprietary funds are netted as part of the reconciliation to the government-wide columnar presentation. The Municipality has the following types of reciprocal and nonreciprocal interfund activities:

- ❖ **Interfund loans** – Represent amounts provided with a requirement for repayment, which are recorded as “due from” in the lender governmental fund and “due to” in the borrower governmental fund. Interfund receivables, which are not considered currently available financial resources, are reported as advances. For amounts not expected to be collected within a reasonable period, interfund receivables/payables are reduced to the estimated realizable value and the amount that is not expected to be repaid is reported as a transfer from the governmental fund that made the loan.
- ❖ **Interfund transfers** – Represent flows of assets (permanent reallocation of financial resources among governmental funds) without equivalent flows of assets in return and without a requirement for repayment. Transfers are reported as other financing uses in the governmental fund making transfers and as other financing sources in the governmental fund receiving transfers.
- ❖ **Interfund reimbursements** – Represent repayments from the governmental fund responsible for particular expenditures or expenses to the governmental fund that initially paid for them.

**NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)**

**O. CLAIMS AND JUDGMENTS**

The estimated amount of the liability for claims and judgments, if any, which is due on demand, such as from adjudicated or settled claims, is recorded in the General Fund. The Long-Term Liabilities includes an amount estimated by the external counselors of the Municipality as a contingent liability or liabilities with a fixed or expected due date, which will require future available financial resources for its payment.

**P. USE OF ESTIMATES**

The preparation of the basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the basic financial statements and the reported revenue and expenses during the reporting period. Actual result could differ from those estimates.

**Q. ACCOUNTING FOR PENSION COSTS**

The Municipality adopted the provisions of GASBS No. 68, *Accounting and Reporting for Pensions – an amendment of GASB Statement No. 27*, and GASBS No. 71, *Pension Transition for Contributions Made Subsequent to the Measurement Date*, which amended GASBS No.68.

The Municipality accounts for pension costs from the standpoint of a participant in a multi-employer cost-sharing plan. Accordingly, the net pension liability, pension expense and deferred outflows/inflows of resources recognized in the accompanying basic financial statements are equal to the Municipality's proportionate shares of the collective net pension liability, pension expense and collective deferred outflows/inflows of resources reported for the pension plans' trust by the plan's administrator as of the measurement date. In addition, if the Municipality's annual contributions are less than the statutorily required amounts, a liability is recorded for any unpaid balances. For the purpose of applying the requirements of GASBS Nos. 68 and 71, the Commonwealth of Puerto Rico is considered to be the sponsor of the Employees' Retirement System of the Government of Puerto Rico and its Instrumentalities (ERS), a multi-employer hybrid defined contribution plan in which the employees of the Municipality participate. The Municipality is considered a participant, and not a sponsor, of this retirement system since the majority of the participants in the aforementioned pension trust fund are employees of the Commonwealth of Puerto Rico and the basic financial statements of such retirement system are part of the Commonwealth's financial reporting entity.

For purposes of measuring the net pension liability, deferred outflows/inflows of resources related to pensions and pension expense, information about the fiduciary net position of the ESR plan and additions to/reductions from the ESR plan's fiduciary net position have been determined on the same basis as they are reported by the ESR. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

**R. RISK FINANCING**

The Municipality carries commercial insurance to cover casualty, theft, tort claims and other losses. Insurance policies are negotiated by the Puerto Rico Treasury Department and costs are allocated among all the Municipalities of Puerto Rico.

Cost of insurance allocated to the Municipality during the fiscal year 2014-2015 amounted to \$370,265. The current insurance policies have not been cancelled or terminated. The Municipal Revenue Collection Center ("CRIM") deducted \$139,627 from the gross property tax collections, for workers compensation insurance covering all municipal employees.

S. FUTURE ADOPTION OF ACCOUNTING PRONOUNCEMENTS

The GASB has issued the following accounting standards that have effective dates after June 30, 2015:

- GASB Statement No. 79 *Certain External Investment Pools and Pool Participants*. The requirements of this Statement are effective for reporting periods beginning after June 15, 2015, except for the provisions in paragraphs 18, 19, 23–26, and 40, which are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged.
- GASB Statement No. 78 *Pensions Provided through Certain Multiple-Employer Defined Benefit Pension Plans*. The requirements of this Statement are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged.
- GASB Statement No. 77 *Tax Abatement Disclosures*. The requirements of this Statement are effective for reporting periods beginning after December 15, 2015. Earlier application is encouraged.
- GASB Statement No. 76 *The Hierarchy of Generally Accepted Accounting Principles for State and Local Governments*. The provisions in Statement 76 are effective for reporting periods beginning after June 15, 2015. Earlier application is encouraged.
- Statement No. 75 *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. The provisions in Statement 75 are effective for fiscal years beginning after June 15, 2017. Earlier application is encouraged.
- Statement No. 74 *Financial Reporting for Postemployment Benefit Plans Other Than Pension Plans*. The provisions in Statement 74 are effective for fiscal years beginning after June 15, 2016. Earlier application is encouraged.
- Statement No. 73 *Accounting and Financial Reporting for Pensions and Related Assets That Are Not within the Scope of GASB Statement 68, and Amendments to Certain Provisions of GASB Statements 67 and 68*. The provisions in Statement 73 are effective for fiscal years beginning after June 15, 2015 - except those provisions that address employers and governmental non-employer contributing entities for pensions that are not within the scope of Statement 68, which are effective for fiscal years beginning after June 15, 2016. Earlier application is encouraged.
- GASB Statement No. 72 *Fair Value Measurement and Application*. The requirements of this Statement are effective for financial statements for reporting periods beginning after June 15, 2015. Earlier application is encouraged.

The Municipality's management has concluded that the future adoption of these GASB Statements will not have a significant impact on the Authority's basic financial statements.

T. ADOPTION OF NEW ACCOUNTING PRONOUNCEMENTS

The provisions of the following Governmental Accounting Standards Board (GASB) Statement have been implemented for the year ended June 30, 2015:

- GASB Statement No. 68 *Accounting and Financial Reporting for Pensions—an amendment of GASB Statement No. 27 (Issued 06/12)*. The primary objective of this Statement is to improve accounting and financial reporting by state and local governments for pensions. It also improves information provided by state and local governmental employers about financial support for pensions that is provided by other entities. This Statement results from a comprehensive review of the effectiveness of existing standards of accounting and financial reporting for pensions with regard to providing decision-useful information, supporting assessments of accountability and inter-period equity, and creating additional transparency.

**T. ADOPTION OF NEW ACCOUNTING PRONOUNCEMENTS (CONTINUED)**

- GASB Statement No. 69 *Government Combinations and Disposals of Government Operations (Issued 01/13)* This Statement establishes accounting and financial reporting standards related to government combinations and disposals of government operations. As used in this Statement, the term government combinations include a variety of transactions referred to as mergers, acquisitions, and transfers of operations.
- GASB Statement No. 71 *Pension Transition for Contributions Made Subsequent to the Measurement Date—an amendment of GASB Statement No. 68 (Issued 11/13)*. The objective of this Statement is to address an issue regarding application of the transition provisions of Statement No. 68, *Accounting and Financial Reporting for Pensions*.

**NOTE 2 – CASH AND CASH EQUIVALENTS**

The Municipality maintains its deposits in various commercial banks located in Puerto Rico and Government Development Bank for Puerto Rico (GDB). Proceeds from bonds and funds related to certain grant awards are required by law to be held with GDB.

The Municipality adopted the provisions of GASB Statement No. 40 (GASB No. 40), *Deposit and Investment Risk Disclosure, an Amendment to GASB Statement No. 3*. This statement requires that state and local governments disclose essential risk information about deposits and investments. The disclosure requirements cover four main areas: (1) credit risk, (2) interest rate risk, (3) custodial credit risk, (4) foreign exchange exposure.

**Credit risk** – This is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. In compliance with the laws and regulations of the Commonwealth, the Municipality has adopted, as its custodial and credit risk policy, the *Statement of Investment Guidelines for the Government of the Commonwealth of Puerto Rico*. Accordingly, the Municipality invests only in obligations of the Commonwealth, obligations of the United States of America, certificates of deposits, commercial paper, bankers' acceptances, or in pools of obligations of the municipalities of Puerto Rico, which are managed by GDB. According to the aforementioned investment guidelines, the Municipality does not invest in marketable securities or any types of investments for which credit risk exposure may be significant. Therefore, the Municipality's management has concluded that the risk related to any possible loss related to defaults by commercial banks on the Municipality's deposits is considered low at June 30, 2015.

**Interest rate risk** – This is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment. The Municipality manages its exposure to declines in fair values by: (1) not including debt investments in its investment portfolio at June 30, 2015, (2) limiting the weighted average maturity of its investments to three months or less, and (3) keeping most of its bank deposits in interests bearing accounts generating interests at prevailing market rates. At June 30, 2015, the Municipality's investments in certificates of deposits are recorded at cost, which approximates their fair value. Therefore, the Municipality's management has concluded that at June 30, 2015, the interest rate risk associated with the Municipality's cash and cash equivalents is considered low.

**Custodial credit risk** – In the case of deposits, this is the risk that in the event of a bank failure, the Municipality's deposits may not be recovered. Pursuant to the *Statement of Investment Guidelines for the Government of the Commonwealth of Puerto Rico* the balances deposited in commercial banks by the Municipality are insured by the Federal Deposit Insurance Corporation (FDIC) generally up to a maximum of \$250,000 per depositor. In addition, public funds deposited in commercial banks by the Municipality are fully securities pledged as collateral are held, in the Municipality's name, by the agents of the Commonwealth's Secretary of Treasury. Deposits with GDB are uninsured and uncollateralized. However, no losses related to defaults by GDB on deposit transactions have been incurred by the Municipality through June 30, 2015. Therefore, the Municipality's management has concluded that at June 30, 2015 the custodial credit risk associated with the Municipality's cash and cash equivalents is considered low.

**COMMONWEALTH OF PUERTO RICO  
MUNICIPALITY OF SAN SEBASTIÁN**

**NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)**

---

**NOTE 2 – CASH AND CASH EQUIVALENTS (CONTINUED)**

**Foreign exchange risk** – The risk that changes in exchange rates will adversely affect the value of an investment or a deposit. According to the aforementioned investment guidelines, the Municipality is prevented from investing in foreign securities or any other types of investments in which foreign exchange risk exposure may be significant. Accordingly, management has concluded that the foreign exchange risk related to the Municipality's deposits is considered low at June 30, 2015.

The Municipality's bank balances in commercial banks of \$4,648,845 in the General Fund, \$95,657 in the Head Start Fund, \$4,800,000 in the Capital Improvements Fund and \$1,635,535 in Other Governmental Funds, were fully collateralized at June 30, 2015. The deposits at GDB of \$93 in the General Fund, \$3,194,709 in the Debt Service Fund, \$3,506,287 in Loans Fund and \$26,918 in Other Governmental Funds are unsecured and uncollateralized, as no collateral is required to be carried by governmental banks.

**NOTE 3 – RECEIVABLES**

**A. MUNICIPAL LICENSE TAXES**

As described below in Note 14, the municipal license tax is levied each year based on the prior year's gross revenues for all commercial and industrial organizations doing business in the Municipality and which are not totally or partially exempt from this tax under the Industrial Incentives Laws of the Commonwealth of Puerto Rico. All taxpayers are required to file their declarations by April 23 of each year. Municipal license taxes of \$517,298 in the General Fund represents the amounts due by the taxpayers at June 30, 2015.

**B. SALES AND USE TAXES RECEIVABLES**

As described below in Note 15, the Municipal Legislature approved the imposition of the municipal sales and use tax during fiscal year 2006-2007. Individuals, organizations and entities subject to collect the municipal sales and use tax must file a tax return to the Municipality. Tax is due each 20<sup>th</sup> day of each month based on tax collected in the preceding month. Therefore, sales tax receivable of \$97,349 in the General Fund represents the amounts due by the taxpayers at June 30, 2015.

**C. PROPERTY TAXES RECEIVABLES**

As described below in Note 13, the Municipal Revenue Collection Center of the Commonwealth of Puerto Rico is responsible for the assessment of all real and personal property located within the Municipality and for the levy, administration and collection of the corresponding tax contribution. Property taxes receivable amounting to \$28,409 in the Debt Service Fund represents advances from fiscal year 2014-2015, not collected by the Municipality at June 30, 2015.

**D. INTERGOVERNMENTAL RECEIVABLES**

State government receivable of \$156,118 in the general fund represents amount due by the Employee's Retirement System of the Government of Puerto Rico and its Instrumentality (ERS), related to an overpayment deducted by the CRIM from the gross property tax collections, for special laws 2014-2015 invoice. Also, state government receivable of \$68,927 in the other governmental funds represents expenditures incurred, not yet reimbursed by the State Department of Labor, related to Law 52 proposal.

**B. PROPERTY TAX DEBTS – LAW 42**

On January 26, 2000, Act No. 42 was enacted to authorize the CRIM to enter into a financing agreement of up to \$200 million, for a term not exceeding 30 years. The financing agreement allows for the financing of a debt that the municipalities of Puerto Rico have with the CRIM, arising from the final settlements of property tax advances versus actual collections through fiscal year 2000. The amounts that the municipalities will collect from the additional property taxes resulting from the increases in the subsidy from the Commonwealth to the municipalities are assigned through this law to repay such loan. The increase in this subsidy was the result of the Public Law No. 238 of August 15, 1999.

In addition, on February 12, 2003, the Municipality entered into a repayment agreement with the Government Development Bank for Puerto Rico (GDB) and the CRIM, to pay off the excess of property tax advances through fiscal year 2000 and 2001. The CRIM retains the payment from the property tax advances of the Municipality. The amounts retained by the CRIM are remitted to GDB on July 1 of each year through July 1, 2032. The outstanding balance of the note payable to the CRIM at June 30, 2015 amounted to \$861,291.

**C. PROPERTY TAX DEBT – LAW 146**

On September 24, 2002, the CRIM, on behalf of the municipalities of Puerto Rico, entered into a financing agreement with GDB pursuant to the provisions of Law No. 146 of October 11, 2001. The purpose of this financing agreement was to extinguish in advance certain bonds payable issued by the Public Finance Corporation, a subsidiary of the GDB, which were originally issued to pay certain property tax receivables owned by the municipalities of Puerto Rico through 1996. The outstanding balance of the note payable to the CRIM at June 30, 2015 amounted to \$128,635.

**E. COMPENSATED ABSENCES**

The government-wide statement of net position includes \$2,814,357 of accrued sick leave benefits, and accrued vacation benefits, representing the Municipality's commitment to fund such costs from future operations.

**NOTE 11 – LANDFILL CLOSURE AND POSTCLOSURE CARE COST OBLIGATION**

The Municipality owns a municipal solid waste landfill and adopted the required provisions of Statement No. 18, "Accounting for Municipal Solid Waste Landfill Closure and Post Closure Care Costs", issued by the Governmental Accounting Standards Board (GASB No. 18) and the regulations set forth by the U.S. Environmental Protection Agency (EPA) in its "Solid Waste Disposal Facility Criteria", issued on October 9, 1991. State and federal laws and regulations require the Municipality to place a final cover on its landfill site when closed and perform certain maintenance and monitoring functions at the landfill site for 30 years after closure. Although closure and post closure care costs will be paid only near or after the date that the landfill stops accepting waste, the Municipality reports a portion of these closure and post closure care costs as an operating expense in each period based on landfill capacity used as of each statement of net position date. The Municipality discontinued its landfill operations and ceased to accept solid waste in January 1993. Post closure care procedures were assumed by the Municipality and the closure process was completed in January 17, 1997.

The total estimated liability for post closure care costs has been determined in \$179,817 as of June 30, 2015.

**NOTE 12 – DEBT RETIREMENT**

Revenues of the Debt Service Fund consist of the ad-valorem property taxes which are recognized as revenue when collected from taxpayers and reported by the Municipal Revenue Collection Center of the Commonwealth of Puerto Rico to the Municipality.

These property taxes are accumulated by the Municipal Revenue Collection Center in costs of the general obligations bonds issued by the Municipality. Payments are made to the Government Development Bank of the Commonwealth of Puerto Rico from such accumulated funds by the Municipal Revenue Collection Center of Puerto Rico.

**NOTE 13 – PROPERTY TAXES**

The Municipal Revenue Collection Center of the Commonwealth of Puerto Rico is responsible for the assessment of all real and personal property located within the Municipality and for the levy, administration and collection of the corresponding tax contribution.

The property tax contribution is levied each year over the appraised value of the property at the beginning of the calendar year. The real property assessment is based on the current value existing in the year 1957 and the personal property at the current value at the date of the assessment.

The tax rate per annum is 9.08% for real property and 5.83% for personal property of which 1.03% of both belong to the Commonwealth of Puerto Rico and 8.05% and 4.80%, respectively, belongs to the Municipality. From the portion belonging to the Municipality, 6.00% and 3.00%, respectively, represents the Municipality's basic tax rate that is appropriated for general purposes and therefore accounted for through the General Fund.

The remaining portions 2.25% for real property and 2.00% for personal property represents the ad-valorem property taxes withheld by the Municipal Revenue Collection Center of the Commonwealth of Puerto Rico and restricted for debt service, which is accounted for through the Debt Service Fund (See Note 8). The Municipality has not reached the maximum statutory tax rate limit for the basic tax while there is no limitation for the ad-valorem tax rate.

The Commonwealth of Puerto Rico grants complete real property tax exoneration on the first \$15,000 assessed valuation on residential units occupied by their owners. However, the Municipality receives the full amount levied, except for residential units assessed at less than \$3,500 on which a complete exemption is granted. The Municipal Revenue Collection Center, instead of the property taxpayer, becomes the source of payment in these cases.

The Municipality grants a complete exemption from personal property taxes up to an assessment value of \$50,000 to retailers with an annual net sales volume of less than \$150,000. The Municipal Revenue Collection Center advances to the Municipality, on monthly payments, 100% of the contribution assessed over property for each fiscal year. In accordance to Law, these advances will be contributions by the Municipal Revenue Collection Center from taxpayers. The Municipal Revenue Collection Center periodically informs to the Municipality the amounts collected from taxpayers and applied to outstanding advances.

The Municipality records as revenue in the general fund the property tax contribution when received from monthly advances from Municipal Revenue Collection Center.

Due to the fact that collections of property tax are applied to the advances of property tax paid by the Municipal Revenue Collection Center, the amortization of the advance at end of year was not available due to that is in process of verification by external auditors.

**NOTE 14 –MUNICIPAL LICENSE TAXES**

The municipal license tax is levied each year based on the prior year's gross revenues for all commercial and industrial organizations doing business in the Municipality and which are not totally or partially exempt from this tax under the Industrial Incentives Laws of the Commonwealth of Puerto Rico. All taxpayers are required to file their declarations by April 23 of each year. The tax rates are as follows:

- 1.50% for financial institutions.
- 1.00% for savings and loan associations.
- 0.50% for other organizations over \$500,000.
- 0.40% for other organizations up to \$500,000.

Taxes are payable in two equal semi-annual installments on July 1 and January 1 following the date of levy. If they are paid with declaration, the taxpayer is granted a 5% of discount. Collections of taxes during current fiscal year, applicable to the next fiscal year, are recorded as unearned revenues in the General Fund.

**NOTE 15 – SALES AND USE TAXES**

On July 4, 2006, the Legislature of the Commonwealth of Puerto Rico approved Act No. 117 ("Act 117") which amends the Puerto Rico Internal Revenue Code of 1994 to provide for a sales and use tax of 5.5% to be imposed by the Commonwealth Government. Act 117 also authorizes each municipality government to impose a municipal sales and use tax of 1.5%. This municipal sales and use tax has in general the same tax base and limitations (except for unprocessed foods) as those provided by the Commonwealth's sales and use tax.

Section 6189 of the Puerto Rico Internal Revenue Code of 1994, as amended, authorizes the Municipalities in Puerto Rico to impose a sales and use tax to consumers. This tax must be imposed in conformity with the base, exemptions and limitations contained Subtitle BB of the Code. The Municipal Sales Tax is specifically imposed overall sales transactions of taxable items and combined transactions (as defined by the municipal internal regulation) taken place within municipal limits. The Municipal Tax is also specifically imposed over the purchase price for the use, storage or consumption of taxable transactions (as defined by the municipal internal regulation) taken place within municipal limits.

The Municipal Legislature approved the imposition of the municipal sales and use tax during fiscal year 2006-2007. Individuals, organizations and entities subject to collect the municipal sales and use tax must file a tax return to the Municipality. Tax is due each 20<sup>th</sup> day of each month based on tax collected in the preceding month. Resources are recorded in the General Fund.

Also, on July 29, 2007, the Governor of Puerto Rico signed into Law an amendment of Act No. 117, H.B. 2193 known as Act No. 80. The most significant amendments were: first, to uniform the tax rate at 7% of which the municipalities will collect 1% and the Puerto Rico Treasury Department the other 6%, 0.51% of the 6% belongs to the municipality and it is distributed through three separate funds: Municipal Development Fund, Municipal Redemption Fund and Municipal Improvements Fund; secondly the establishment of a Local Commercial Rule and the elimination of source and nexus rules to impose the sale and use tax. These funds are administered by the Government Development Bank for Puerto Rico. Finally, the Law restricts the use of the funds by the municipalities to certain specific activities.

Puerto Rico Law 40 of 2013, as amended, will reduce the total municipal sales and use tax to 1% (from the previous total 1.5%) effective February 1, 2014, which would eliminate the 0.5% collected by the PR Treasury.

**NOTE 16- INTERGOVERNMENTAL REVENUES**

Intergovernmental revenues consist primarily of funds received from the Commonwealth of Puerto Rico, "in lieu of tax" payments from the Quasi-public Corporation, Puerto Rico Electric Power Authority, and federal financial assistance received from federal government.

Grants and subsidies received from the Commonwealth of Puerto Rico and federal agencies include, among others, a general subsidy for urban development and capital improvements. Intergovernmental revenues are accounted for through the General Fund except for those directly related to urban development and capital improvements, which are accounted for through the Special Revenue and the Capital Project Funds. Federal Financial Assistance is recorded in the Special Revenue Fund.

**NOTE 17 - INTERFUND TRANSFERS**

**NOTE 18- EMPLOYEE'S RETIREMENT PLAN**

The Employee's Retirement System of the Government of Puerto Rico and its instrumentality (ERS) is the administrator of a cost-sharing multiple-employer retirement system established by the Commonwealth of Puerto Rico. The ERS was created under Puerto Rico Law 447, approved on May 15, 1951, as amended, and became effective on January 1, 1952. ERS covers all regular employees of the Commonwealth of Puerto Rico, its instrumentalities, and municipalities and components units not covered by their own retirement systems.

Participation is mandatory for governmental and municipal employees, except for members of the Legislature, Government Secretaries, Head of Agencies and Public Instrumentality, Assistants of the Governor, the Comptroller of the Puerto Rico, Gubernatorial Board and Committee appointees and Experimental Service Station employees. Temporary and transitory employees are excluded from participation in the System. ERS provides retirement, death and disability benefits. Disability retirement benefits are available to members for occupational and non-occupational disabilities. Retirement benefits depend upon age at retirement and number of years of credited service, and their hiring date. Benefits vest after ten years of plan participation.

The Municipality adopted the requirements of GASBS No. 25 for all the career employees that are covered under the Commonwealth of Puerto Rico Employee's Retirement System, a multiple-employer public employee retirement system, established by State Laws.

**NOTE 18- EMPLOYEE'S RETIREMENT PLAN (CONTINUED)**

Law Number 305 of September 24, 1999, amended Puerto Rico Law Number 447, establishing a savings program called "Retirement System 2000". All employees active in the system as of December 31, 1999 may have elected to transfer from defined contribution programs to the new savings program (a defined contribution plan). Employees in the savings program may have contributed from a minimum of 8.275% up to a maximum of 10% of their monthly salary, and will be invested in an account which will either: (a) earn a fixed rate based on the two-year Constant Maturity Treasury Note or, (b) earn a rate equal to 75% of the return of the System's investment portfolio (net of management fees), or (c) earn a combination of both alternatives. If at time of retirement accumulated benefits amount to \$10,000 or less may have elected to receive a lump sum distribution up to the accumulated benefits. Under the new program the retirement age is reduced from 65 to 60 for those employees who joined the current plan on or after April 1, 1990.

Puerto Rico Law Number 3 of April 4, 2013 created a new hybrid system incorporating elements of defined benefit and defined contribution plans. As of July 1, 2013, every employee who is a participant of the ERS who had not retired as of June 30, 2013, and any new participant who joins after that date, shall become part of the Defined Contribution Hybrid Program. As per Puerto Rico Law Number 3 of 2013, new provisions shall apply to employees who participate in the System that (1) began to work before January 1, 2000, (2) as of June 30, 2013, are not participants of the Retirement Savings Account Program established in Chapter 3 of Law Number 3, and (3) as of June 30, 2013, do not meet the requirements of years of service and age to retire that are required in Chapter 2 of Law Number 3, or having met such requirements did not elect to retire before July 1, 2013. The savings accounts under the Retirement System 2000 of employees who joined the System for the first time on or after January 1, 2000, shall be rolled over to the Defined Contribution Hybrid Program. Additionally, those who could retire on or before June 30, 2013 because they are 60 years old, may retire on any later date, and they shall be entitled to receive the annuity that could be acquired with the balance of the contributions under the Retirement Savings Account Program which are transferred to the Defined Contribution Hybrid Program.

Under the plans, the employees and employer portions are contributed, for which, the employee amount is withheld from salaries. The authority under which the funding policy and the obligations to contribute to the ERS and System 2000 by the plans' members, employers and other contributing entities (state of municipal contributions), are established or may be amended by law:

- Up to June 30, 2013, covered employees were required by Commonwealth statute to contribute 5.775% for the first \$550 of monthly salary plus 8.275% for the excess of this amount, or on the alternative, 8.275% of all salary.
- After June 30, 2013, every participant of the Hybrid Program shall compulsorily have to contribute 10% of his/her salary while he/she is an employee. The participants of the Hybrid may voluntarily contribute to their account an amount in addition to the one established here. These contributions shall be credited to the contribution account of each participant of the Hybrid Program. Employees who contribute to the retirement system in a special plan with the ERS in coordination with their contributions to Social Security, as defined by the ERS administrator, will be required to contribute 7% of their monthly salaries up to \$550 for FY 2014, to be increased to 8.5% for FY 2015, and finally 10% for FY 2016 and all future periods.
- The Municipality contributed to the system 9.275% of the participating employee's salaries for the fiscal year ended in June 30, 2013 and prior years. Puerto Rico Law 116 of July 6, 2011 increased the employer contribution rate required from the Municipality. The contribution rate increased from 9.275% to 20.775%, to be implemented in incremental 1% to 1.25% annual increases between those years. The same law provided that for fiscal years 2012, 2013, and 2014, the Puerto Rico Office of Management and Budget would contribute these increases for all Municipalities. Starting in fiscal year 2014-2015, the Municipality is required to contribute 12.275% of the participating employee's salaries for that period, and the rate will increase to 13.275% in FY 2016, 14.525% in FY 2017, 15.775% in FY 2018, 17.025% in FY 2019, 18.275% in FY 2020, and finally to 19.525% in FY 2021 and all future periods.

**NOTES TO THE BASIC FINANCIAL STATEMENTS (CONTINUED)**

**NOTE 18- EMPLOYEE'S RETIREMENT PLAN (CONTINUED)**

Before July 1, 2013, all employees that did not elect to transfer for the System 2000 Savings program and who at the time of employment were 55 years old or less were eligible to participate in the defined contribution system, with pension benefits for participants as follows:

<u>YEARS OF SERVICE</u>	<u>PARTICIPANT'S AGE</u>	<u>PENSION BENEFITS</u>
30 or more	55 or less	65% of the average of the three years of highest salary during the employee's service period.
30 or more	58 or more	75% of the average of the three years of highest salary during the employee's service period (employees hired before April 1, 1990).
30 or more	65 or more	75% of the average of the three years of highest salary during the employee's service period (employees hired after April 1, 1990).
Less than 30, more than 10	N/A	1.5% of their average compensation for each year of credit service for the remaining years.

After July 1, 2013, both the defined contribution and System 2000 Savings systems will be converted to the new Hybrid Defined Contribution System. The following the changes implemented by Puerto Rico Law 3 of 2013, all employees that elect to retire, regardless of the previous retirement system they participated in, will be entitled to retire and receive their benefits under the following conditions:

<u>PREVIOUS RETIREMENT PROGRAM</u>	<u>YEARS OF SERVICE</u>	<u>PARTICIPANT'S AGE, AS OF JUNE 30, 2013</u>	<u>ELIGIBLE AGE TO RETIRE</u>
Savings System ("System 2000")	N/A	60 years or more	May retire at any time in the future after June 30, 2013.
Savings System ("System 2000")	N/A	55 to 59 years	May retire once participant meets the predetermined age of 61 to 65 years of age, respectively.
Savings System ("System 2000")	N/A	55	May retire at any time in the future after June 30, 2013, but only for public officers in high-risk positions.

**NOTE 18- EMPLOYEE'S RETIREMENT PLAN (CONTINUED)**

Public Officers in High-Risk Positions may voluntarily opt to retire after reaching the age of 55 and 30 years of service. Retirement shall be mandatory on the date the participant reaches both 30 years of service and the age of 58. Retirement shall be optional for the members of the System in active service, on and after the date they have attained the age of 55 years and have completed at least 25 years of creditable service; and for members of the System who having reached the age of 58 years, and have completed at least 10 years of creditable service. The members of the Police shall also have the option of a retirement annuity on and after the date on which they have attained the age of 50 years and have completed at least 25 years of creditable service. Any participant whose separation from the service occurs prior to having attained the age of 58 years, who shall have completed at least 10 years of creditable service, and who shall have not applied for, nor received reimbursement of accumulated contributions shall be entitled to receive a deferred retirement annuity. Said participants shall receive a deferred retirement annuity which shall commence upon attaining the age of 58 years or after attaining the age of 50 years in the case of policemen or firemen, and 55 years in the case of the other participants, if they have completed at least 25 years of service in one case or the other.

For employees who were hired before April 1, 1990, the amount of the annuity shall be one and 1.50% of the average compensation multiplied by the number of years of creditable service up to 20 years, plus 2% of the average compensation multiplied by the number of years of creditable service in excess of 20 years up to June 30, 2013. For employees hired after April 1, 1990, the amount of the annuity shall be 1.5% of the average compensation multiplied by the years of accredited services up to June 30, 2013. From July 1, 2013 onwards, participants in the retirement system will not accumulate new years of service nor receive accreditation for previously unrecognized service years, transfer contributions, or return contributions for periods ending on or before June 30, 2013.

However, a minimum pension of \$500 per month, effective July 1, 2013, is hereby fixed for those participants who retired in from the retirement systems. Every pensioner who receives pension of less than \$500 per month shall receive, effective July 1, 2013, the increase require for his/her pension to be \$500.

A variety of significant actuarial assumptions are used to determine the standard measure of the pension benefit obligation and these assumptions are summarized below:

- The present value of the future pension payments was computed by using a discount of 9%.
- Future pension payments reflect an assumption of a 6% salary increase.

The amount of the total pension benefit obligation is based on a standardized measurement established by GASBS No. 27, *Financial Reporting for Defined Benefit Pension Plans and Notes Disclosure for Defined Contributions Plans*. The standardized measurement is the actuarial present value of estimated defined pension benefits, adjusted for the effects of projected salary increases and step-rate benefits, estimated to be payable in the future as a result of employee services performed to date. The measure is intended to help users assess the System's funding status on a going-concern basis, assess progress made in accumulating sufficient assets to pay benefits when due, and make comparisons among other public retirement systems. The measure is independent of the actuarial funding method used to determine contributions to the plan.

Contributions in 2013 and prior years were made based on percentages established by the law. Such percentage has not been based on actuarial studies, as required by accounting principles generally accepted in the United States of America. An actuarial compilation of the annual contribution applicable to the Municipality has not been prepared. Accordingly, the accounts by which the actual contributions differ from the required actuarial contributions are not known.

**NOTE 18- EMPLOYEE'S RETIREMENT PLAN (CONTINUED)**

The membership of retirees and beneficiaries currently receiving benefits and terminated employees entitled to benefits, but not yet receiving benefits, and active employees and the distribution of active employees between vested and non-vested is not readily available.

In the event of the death of any participant who had contributions accrued in the new hybrid system, contributions would be reimbursed to heirs or other designated persons as determined by the participant, equal to the original contributions plus undistributed income up to the date of the participant's death. In the case of total and permanent disability or due to terminal illness, the participant will be entitled to his or hers contributions in a lump sum or an annuity at the option of the participant. The Puerto Rico Employee Retirement System also established a disability benefits program, which may provide temporary annuities by means of disability insurance in the event of total and permanent disabilities, and is funded by a maximum of 0.25% of participant's salary.

Additional benefits are annually awarded for participants of the defined contribution and hybrid retirement systems, but not the Retirement 2000 System, now replaced by the hybrid system. These benefits include a medicine bonus of \$100 provided by July 15th, a Christmas bonus of \$200 provided by December 20th, and contribution of \$100 by the Systems to employees' medical insurance plans. These additional benefits are funded by a special contribution by the Municipality to the systems beginning from fiscal year 2013-2014 onwards in the order of \$2,000 for every pensioner in the Systems who began to work before December 31, 1999.

The total pension expenditures recorded in the category of administration for the Fiscal Year Ended June 30, 2015 was approximately \$382,044. All employees who at the time of employment are 55 years old or less are eligible to participate in the System. No benefit is payable if the participant receives a refund of his accumulated contributions.

As per the requirements of the GASB Statements No. 67 and 68, ESR is required, as the pension plan's administrator, to provide to each of its participating employers audited actuarial and financial information used in the calculation of their proportionate share of the plan's net pension liability, pension expense and deferred outflows/inflows of resources related to pensions as of the measurement date. For the fiscal year ended June 30, 2015, the measurement date is June 30, 2014. In addition, the ESR has to provide all the required actuarial and historical data to be reported in the notes to the financial statements of the Municipality and as Required Supplementary Information (RSI).

The historical trend information regarding the accumulation of assets and pension benefit obligation in the ERS is not available. For the ten-year trend information, refer to the separately issued financial statements of the ERS as of and for the fiscal year ended June 30, 2015. The P.R. Retirement Plan Administration provides additional information of the ERS. They issue a public available financial report that includes financial statements and required supplementary information for ERS, as a component unit of the Commonwealth of Puerto Rico. That report may be obtained by writing to the Administration at PO Box 42003, Minillas Station, San Juan, P.R. 00940.

**NOTE 19- POSTEMPLOYMENT BENEFITS**

In addition to the pension benefits described in note 15, the Municipality is required to cover annually the 3% increase in the retirement plan of its retired employees, as required by Commonwealth's laws. Also, the Municipality is required to finance costs related to the application of certain "Special Laws" issued by the Commonwealth Government. Those Special Laws granted increases in pensions and other benefits to retired employees of the Municipality such as medicines bonus, Christmas bonuses and death benefits. However, beginning July 1, 2013, Act No. 3 of 2013 eliminated all Special Law benefits to future retirees.

**NOTE 20- CONTINGENCIES**

**A. CLAIMS AND JUDGMENTS**

The Municipality is, at present, a defendant in a number of legal matters that arise from alleged improper application of policies and negligence in the ordinary course of the Municipality's activities. With respect to pending litigation, the Municipality has reported liabilities of \$36,765 in the government wide statement of net positions.

It is management's opinion, based on the advice of the legal counsel, that the potential claims against the Municipality not covered by insurance will materially affect the financial resources for its payment.

In addition, the Municipality is a defendant or co-defendant in several legal proceedings, which are in discovery stage. Certain of these claims are covered by insurance. Legal counsels with the information currently available cannot determine the final outcome of these proceeding. However, it has been the Municipality's experience that such actions are settled for amounts substantially less than the claim amounts.

**B. FEDERAL GRANTS**

In the normal course of operations, the Municipality receives grants from various Federal and State agencies. The grant programs are subject to audit by agents of the granting authority, the purpose of which is to ensure compliance with conditions precedent to the granting of funds. Any liability for reimbursement which may arise as the result of these audits is not believed to be material.

**NOTE B – STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY**

**BUDGETARY CONTROL**

The Municipality's annual budget is prepared on the budgetary basis of accounting, which is not in accordance with GAAP, and represents departmental appropriations recommended by the Mayor and approved by the Municipal Legislature prior to the beginning of the fiscal year. Amendments to the budget require the approval of the Municipal Legislature. Transfers of appropriations within the budget, known as Mayor's Resolutions, do not require the approval of the Municipal Legislature.

The Municipality prepares its annual budget including the operations of the general fund.

For budgetary purposes, encumbrance accounting is used. The encumbrances (i.e., purchase orders, contracts) are considered expenditures when incurred. For GAAP reporting purposes, encumbrances outstanding at year-end are reported as reservations of fund balances and do not constitute expenditures or liabilities because the commitments will be honored during the subsequent year.

The unencumbered balance of any appropriation at the end of the fiscal year will lapse at the end of such fiscal year. Other appropriations, mainly capital project appropriations, are continuing accounts for which the Municipal Legislature has authorized that an unspent balance from the prior year be carried forward and made available for current spending.

The annual budget as presented in the Budgetary Comparison Schedule-General Fund is the budget ordinance at June 30, 2015 representing the original budget. There were no supplemental appropriations for the year ended June 30, 2015.

GERENCIAL Y FISCAL  
O.C.A.M.

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Municipality of San Sebastián, Puerto Rico as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise Municipality of San Sebastián, Puerto Rico's basic financial statements, and have issued our report thereon dated March 23, 2016. The report on governmental activities was adverse because the Municipality did not record its proportionate share of its net pension liability, pension expense, and related note disclosures with respect to its participation in the state employee retirement system pension plan.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered Municipality of San Sebastián, Puerto Rico's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Municipality of San Sebastián, Puerto Rico's internal control. Accordingly, we do not express an opinion on the effectiveness of Municipality of San Sebastián, Puerto Rico's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

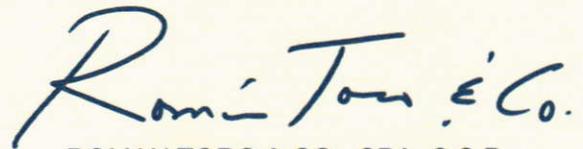

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether Municipality of San Sebastián, Puerto Rico's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM  
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

Honorable Mayor and Members of the  
Municipal Assembly  
San Sebastián, Puerto Rico

**Report on Compliance for Each Major Federal Program**

We have audited Municipality of San Sebastián, Puerto Rico's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Municipality of San Sebastián, Puerto Rico's major federal programs for the year ended June 30, 2015. Municipality of San Sebastián, Puerto Rico's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

***Auditor's Responsibility***

Our responsibility is to express an opinion on compliance for each of Municipality of San Sebastián, Puerto Rico's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Municipality of San Sebastián, Puerto Rico's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Municipality of San Sebastián, Puerto Rico's compliance.

***Opinion on Each Major Federal Program***

In our opinion, Municipality of San Sebastián, Puerto Rico, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

## **Report on Internal Control Over Compliance**

Management of Municipality of San Sebastián, Puerto Rico, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Municipality of San Sebastián, Puerto Rico's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Municipality of San Sebastián, Puerto Rico's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

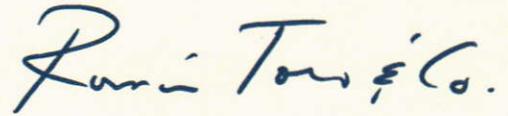

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## **Report on Schedule of Expenditures of Federal Awards Required by OMB Circular A-133**

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Municipality of San Sebastián, Puerto Rico, as of and for the year ended June 30, 2015, and the related notes to the financial statements, which collectively comprise Municipality of San Sebastián, Puerto Rico's basic financial statements. We issued our report thereon dated March 23, 2016, which contained a qualified opinion on financial statements of the governmental activities because we were unable to obtain sufficient appropriate evidence of the amounts reported regarding the Municipality's participation in the Puerto Rico Employee Retirement System. Our report included unmodified opinions on the business-type activities, each major fund, and the aggregate remaining fund information. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

**Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

**JUNE 30, 2015**

**NOTE A - BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards includes the federal grant activity of the Municipality and is presented on the modified accrual basis of accounting. Expenditures are recognized when the related liability is incurred. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, "Audits of States, Local Governments and Nonprofit Organizations". Therefore, some amounts presented in this schedule may differ from the amounts presented in, or used in the preparation of, the basic financial statements.

**NOTE B - FEDERAL CFDA NUMBER**

The Catalog of Federal Domestic Assistance (CFDA) Number is a program identification number determined by the OMB Catalog of Federal Domestic Assistance. The first two digits identify the federal department or agency that administers the program and the last three numbers are assigned by numerical sequence.

**NOTE C - PASS-THROUGH ENTITY IDENTIFYING NUMBER**

State or local government redistributions of federal awards to the Municipality, known as "pass-through awards", should be treated by the Municipality as though they were received directly from the federal government. OMB Circular A-133 requires the schedule to include the name of the pass-through entity and the identifying number assigned by the pass-through entity for the federal awards received as a sub recipient. Numbers identified as N/A are not applicable and numbers identified as N/AV are not available.
