MUNICIPALITY OF BARCELONETA MANAGEMENT'S DISCUSSION AND ANALYSIS

Management of the Municipality of Barceloneta, provide this Management's Discussion and Analysis for the reader of the Municipality's basic financial statements. This narrative overview and analysis of the financial activities of the Municipality for the fiscal year ended June 30, 2008, and is intended to provide an easily readable explanation of the information provided in the attached basic financial statement. We encourage readers to consider this information with the Municipality basic financial statements that follow.

Fiscal year 2007-2008 operations sustains the Municipality's track of solvency and sound fiscal condition. For next year and years to come the Municipality is expecting to present a more strong and very stable economy due to new community projects that will be finished next year and on future years, like the new Convention Center, the Interior Scientific Park and a new public pool, also commercial projects like a new Walgreen's, Sam's and Wal-Mart stores and a Four Point Sheraton Hotel, these commercial projects has the municipality's with high expectations on increasing strongly the Municipality's revenue. The Governmental Wide financial statements also supports our statement. This condition is achieved in a time of economy constrains and low revenues growth rates.

FINANCIAL HIGHLIGHTS

- The assets of the Municipality Government exceeded its liabilities at the close of the current fiscal year by \$131,410 (net assets).
- The adjusted actual of the General Fund operations resulted in favorable variance of \$4,551,499 as compared to the revised budget.
- As June 30, 2008 the Municipality's General Fund (the primary operating fund) reported a fund balance of \$21,882 and increase of \$2,172,823 in comparison with the prior year.
- Loans principal payments were \$ 2,231,395 during fiscal year 2007-08.
- The Municipality made additional investment approximately \$1,900,346 to continue converting old facilities of the Municipality in the new "Centro de Excelencia de Tecnología Avanzada" (CETA). These facilities will be administered by "Universidad del Este" and will provide advanced technical training to individuals based on the needs of the industries in the Municipality.

New Requirements for the Financial Reporting

The new approach on the preparation of the Municipality's financial statements emphasizes on a government wide (consolidated) view of its financial operations. Nevertheless major individual funds are presented and evaluated in all of its details. Simultaneous implementation of both of these perspectives allows user to address relevant questions about municipality's performance and provides a basis for comparisons and evaluation of services quality.

Because of the implementation of these new reporting standards, much of the information will not be easily comparable with prior year data. However, in future years, comparisons will be more meaningful and will provide a better understanding of the municipality's financial position and results of its operations.

MUNICIPALITY OF BARCELONETA MANAGEMENT'S DISCUSSION AND ANALYSIS

Financial Statements Components

The basic financial statement consist of government wide financial statements, the major individual funds financial statement, and notes to the financial statements that provides more details.

The Statement of Net Assets reports information of the municipality as a whole. Increase or decrease of net assets may serve as an indicator of whether municipality's financial position is improving or deteriorating. Those statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private sector companies. Accrual of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The statement of Activities is focused on both the gross and net cost of various activities, which are supported by the Municipality's property tax, municipal licenses tax and other revenues. It is intended to summarize and simplify the user's analysis of the costs of governmental services. The governmental activities reflect basic services, including police, public works, solid waste disposal, community services, and general administration. Property tax, municipal license tax, state and federal appropriations finance most of the services.

The Statement of Net Assets and the statement of activities, on page 10-11, report the Municipality net assets and changes in them. One can analyze of the Municipality's net assets, as the difference between assets and liabilities, as one way to measure the Municipality's financial position. Over time increase decreases in the Municipality's net assets are one indicator of whether its financial health is improving or deteriorating. However, other non-financial factors should be considered, such as changes in the Municipality's property tax base, and the condition of roads, to assess the overall health of the Municipality's of Barceloneta.

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Major Governmental Funds presentation provides detailed information about the most significant funds, not the Municipality as a whole. The Municipality uses fund accounting to ensure and demonstrate compliance with financial related legal requirements. The Municipality's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The Governmental funds statement provides a detailed short-term view of the Municipality general governmental operations and the basic services it provides. Governmental funds information help you determine whether there are more or fewer financial resources that can be spend in the near future to finance Municipality's programs. We describe the relationship between governmental activities and governmental funds in reconciliation besides the fund financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statement.

MANAGEMENT'S DISCUSSION AND ANALYSIS**

Infrastructure Assets

The Municipality implemented the major model portions of GASB statement 34 during the current fiscal year. Historically, the governmental larger group of assets have not been reported nor depreciated in governmental financial statement. The new statement required that this asset be valued and reported within the Governmental column of the Governmental Wide Statement. Additionally, the government must elect to either depreciate these assets over their estimated useful life or develop a system of assets management designated to maintain the service delivered potentially to near perpetuity. If the government develops the assets management system, which periodically, by category, measures and demonstrate its maintenance of locally established level of services standards, the government may record its cost of maintenance in lieu of depreciation. The information about the condition and maintenance of condition of the government infrastructure assets should assist financial statements users in evaluating a local government and its performance over time.

Government-Wide and Fund financial Statements

Statement of Net Assets

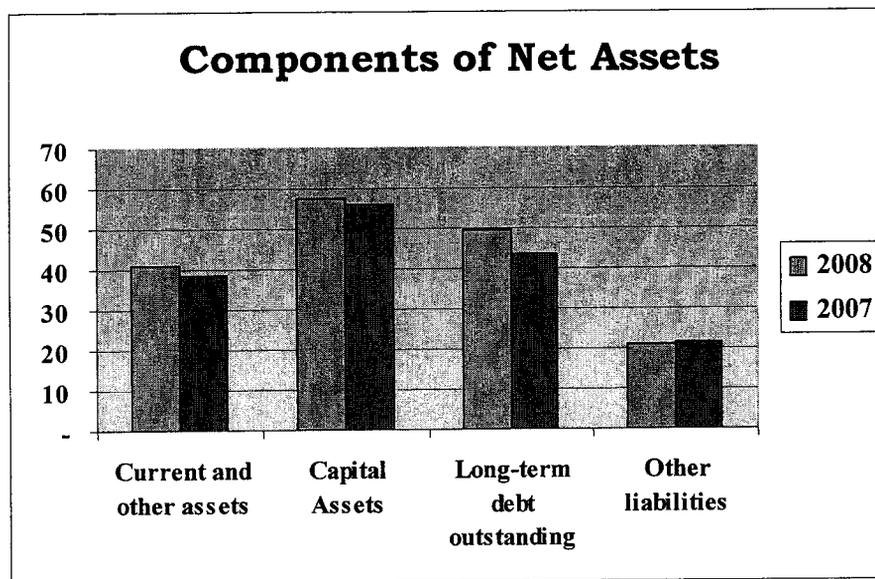

The Statement of Net Assets reports information of the municipality as a whole. Increase or decrease of net assets may serve as an indicator of whether municipality's financial position is improving or deteriorating. In the case of the Municipality primary government assets exceeded liabilities by \$28,155,004 at the close of the recent fiscal year. The following reflects the condensed Statement of Net Assets of the Primary Government.

INDEPENDENT AUDITOR'S REPORT

To the Mayor and Municipal Council of
the Municipality of Barceloneta
Barceloneta, Puerto Rico

I have audited the accompanying financial statements of the Governmental Activities, each major fund and the remaining fund information of the **Municipality of Barceloneta**, Puerto Rico, as of and for the year ended June 30, 2008, which collectively comprise the **Municipality of Barceloneta** basic financial statements, as listed in the accompanying table of contents. These financial statements are the responsibility of the Municipality's management. My responsibility is to express opinions on these financial statements based on my audit.

I have conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the **Municipality of Barceloneta**, Puerto Rico, as of June 30, 2008, and the respective changes in financial position, thereof and the respective budgetary comparison for the general fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, I have also issued my report dated December 1, 2008 on my consideration of the **Municipality of Barceloneta**, Puerto Rico internal control over financial reporting and on my tests of its compliance with certain provisions of laws, regulations, contracts and grants. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the result of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of and audit performed in accordance with Governmental Auditing Standards and should be considered in assessing the results of our audit.

My audit was performed for the purpose of forming an opinion on the Governmental Activities financial statements of the **Municipality of Barceloneta**, Puerto Rico taken as a whole. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments, and Non-profit Organizations, and is not a required part of the general purpose financial statements. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and in my opinion, is fairly stated in all material respects, in relation the by general purpose financial statement a taken as whole.

As described in Note 1, on July 1, 2004, **the Municipality** implemented a new financial reporting model required by GASB Statement No. 34, (GASB No. 34), *Basic Financial Statements – And Management’s Discussion and analysis-for State and Local Governments*. In conjunction with the adoption of GASB No. 34, the Municipality has also adopted the following pronouncements: (1) GASB Statement No. 37-*Basic Financial Statements-and Management’s Discussion and Analysis-for State and Local Governments: Omnibus*, (2) GASB Statement No.38-*Certain Financial Statement Note Disclosures*, and (3) GASB Interpretation No. 6-*Recognition and Measurement of Certain Liabilities and Expenditures in Governmental Fund Financial Statements*.

The Management’s Discussion and Analysis and budgetary comparison information on pages 1 through 7 and page 15, are not a required part of the basic financial statements but is supplementary information required by the Governmental Accounting Standards Board. I have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, I did not audit the information and express no opinion on it.

RECONCILIATION OF THE STATEMENT OF REVENUES,
EXPENDITURES, AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2008

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balance - total governmental funds		\$ 3,564,044
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.		
Expenditures for capital assets	7,114,657	
Less: current year depreciation	<u>(1,420,066)</u>	
		5,694,591

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets.

Net bond proceeds of bond issue	(7,731,474)	
Principal payments	2,231,395	
Bond expenditures	2,031,852	
Transfer to debt service	<u>(194,316)</u>

MUNICIPALITY OF BARCELONETA, PUERTO RICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2008

GENERAL ORGANIZATION

The **Municipality of Barceloneta (The Municipality)** was founded in 1881. The governmental system of the Municipality is composed of the executive and legislative bodies. The Mayor is the Chief Executive Officer and is elected every four years in the general elections of Puerto Rico. The legislative body consists of fourteen assemblymen also elected in the general elections of Puerto Rico for a four-year period.

The **Municipality** provides services such as: health, public safety, sanitation, recreation and sports, education, housing, transportation, welfare, construction and/or improvements of highways and streets, and other general and administrative services.

The financial statements of **the Municipality** have been prepared in conformity with generally accepted accounting principles (GAAP) as applicable to governmental entities. The Governmental Accounting Standards Board (GASB) is the primary standard-setting body for establishing governmental accounting and financial reporting principles. The GASB periodically updates its existing Governmental Accounting and Financial Reporting Standards, which along with subsequent GASB Pronouncement (Statements and Interpretations,) constitute GAAP for governmental units. A summary of **the Municipality's** significant accounting policies consistently applied in the preparation of the accompanying basic financial statements follows:

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a. Reporting Entity

The Municipality's financial statements include the operations of all departments and separate legal entities for which **the Municipality** is financially accountable or for which exclusion would leave the financial statements misleading or incomplete.

In June 1999, the GASB issued Statement No. 34 *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments*. This Statement establishes new financial reporting requirements for state and local governments. It requires new information and restructures much of the information that governments have reported in the past. Comparability with reports issued in prior years is affected. In June 2001, the GASB issued Statement No. 37 *Basic Financial Statements and Management Discussion and Analysis for State and Local Governments Omnibus*, which in part addressed the Management Discussion and Analysis (MD&A) requirements, Program Revenue Classifications and Major Fund criteria requirements in the reporting model in Statement No. 34.

The Municipality implemented this Standard for the fiscal year ended June 30, 2003.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continuation)

b. Financial Reporting Entity

The accompanying basic financial statements include all departments, agencies and municipal entities that: (1) are under the legal and administrative control of the Mayor, and (2) whose funds are under the legal custody and control of the **Municipality's** Director of Finance, as prescribed by Law No. 81 of August 30, 1991, as amended, known as the *Autonomous Municipalities Act of the Commonwealth of Puerto Rico*. **The Municipality's** management has considered all potential component units for which it may be financially accountable and other legally separate organizations for which the nature and significance of their relationship with **the Municipality** may be such that exclusion of their financial statements from those of the Municipality would cause **the Municipality's** basic financial statements to be misleading or incomplete according to GASB Statement No. 14, - *The Financial Reporting Entity (GASB No. 14.)*

The Municipality's management has concluded that, based on the aforementioned criteria, there are no legally separate entities or organizations that should be reported as component units of **the Municipality** as of June 30, 2008 nor for the year then ended.

c. Basic Financial Statements-GASB Statement No. 34

The basic financial statements include both government-wide and fund financial statements. While the previous model emphasized fund types (the total of all funds of a particular type), in the new reporting model the focus is on major individual funds (within the fund financial statements). Both the government-wide and fund financial statements categorize activities as governmental activities. In the government-wide Statement of Net Assets the governmental activities (a) are presented on a consolidated basis in one column, and (b) are reflected, on a full accrual, economic resource basis, which incorporates long-term assets and receivables as well as long-term debt and obligations.

The Government-wide Statement of Activities reflects both the gross and net cost per functional category. The Statement of Activities reduces gross expenses (including depreciation) by related operating grants and contributions. The operating grants include operating-specific grants.

This government-wide focus is more on the substantiality of **the Municipality** the change in aggregate economic position resulting from the activities of the fiscal period.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continuation)

The fund financial statements are, in substance, very similar to the financial statements presented in the previous model. Emphasis here is on the major funds in the governmental category. Non-major funds are aggregated into a single column.

The governmental funds financial statements are presented on a current financial resource measurement focus and modified accrual basis of accounting. This is the manner in which these funds are normally budgeted. This presentation is deemed most appropriate to (a) demonstrate legal and covenant compliance, (b) demonstrate the source and use of liquid resources, and (c) demonstrate how **the Municipality** actual experience conforms to the budget or fiscal plan. Since the governmental fund statements are presented on a different measurement focus and basis of accounting than the government-wide statement, a reconciliation is presented on the fund statement, which briefly explains the adjustments necessary to transform the fund statements into the governmental wide statements.

d. Basis of Presentation

The new model as defined in Statement No. 34 establishes criteria (percentage of the assets, liabilities, revenues or expenditures/expenses of either fund category or the governmental and enterprise combined) for the determination of major funds. **The Municipality** reports the following major funds on **Fund Financial Statements**:

Major Funds

General Fund – Always a major fund. The general fund is the main operating fund of **the Municipality**. It is used to account for all financial resources except those required to be accounted for in another fund.

HUD Programs Fund – This fund accounts for revenues sources for the development of viable urban communities, decent housing suitable living environment, rental assistance to help very low-income families afford decent, safe and sanitary housing by encouraging property owners to rehabilitate substandard housing and lease the units with rental subsidies to low income families.

Debt Service Fund – Debt service fund is used to account for the accumulation of resources for, and the payment of, general long-term debt principal and interest.

MUNICIPALITY OF BARCELONETA, PUERTO RICO
NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continuation)

Head Start – Program Funds – The special revenue fund of Head Start is a major fund used by **the Municipality** to account for revenues derived from the grant that is legally restricted by outside parties for use on specific purpose. The uses and limitations of this revenue fund are specified by municipal ordinances of federal and state statutes.

However, resources restricted to expenditure for purposes normally financed from the general fund are reported in **the Municipality's** general fund provided that all applicable legal requirements are appropriately satisfied. In this case, a special revenue fund to account for such kind of transactions will be used only if legally mandated.

Other Funds (not major funds) – Special revenue funds are used to account for the proceeds of specific revenues sources that are legally restricted to expenditures for specified purposes. Capital projects fund is used to account for the financial resources for the acquisition of personal property and/or construction of major improvements, which are not financed by other funds.

e. Basis of Accounting

The accounts of **the Municipality** are organized on the basis of funds, each of which is considered to be a separate accounting entity. **The Municipality** has created various types of funds. Each fund is accounted for by a separate set of self-balancing accounts, which include its assets, liabilities, fund balances, and revenues and expenditures/expenses, as applicable. The individual funds accounts for the governmental resources allocated to **the Municipality** for the purpose of carrying on specific activities in accordance with laws, regulations, or other restrictions.

Measurement Focus, Basis of Accounting and Financial Statement presentation

Government-wide Financial Statements – The government wide financial statements are reported using the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash flows take place. Non-exchange transactions, in which **the Municipality** gives (or receives) value without directly receiving (or giving) equal value in exchange, include grants. Revenue from grants is recognized in the fiscal year in which all eligibility requirements have been satisfied.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continuation)

e. Basis of Accounting (Continuation)

Governmental Funds Financial Statement – Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. Available means collectible within the current period or 90 days after the end of the period to use them to pay liabilities of the current period. Miscellaneous revenues are recorded when collected. Revenues collected in advance of the fiscal year to which they apply are recorded as deferred revenues and recognized as revenues in the year to which they apply. Expenditures are generally recognized when the related fund liability is incurred. General capital asset acquisitions are reported as expenditures in governmental funds.

Governmental Fund Types / Governmental Activities – Governmental funds are those through which most governmental functions of **the Municipality** are financed. The acquisition, use, and balances of **the Municipality's** expendable financial resources and the related liabilities are accounted for through governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination.

Licenses and permits, charges for services, fines and forfeits and miscellaneous revenues (except investment earnings) are recorded as revenues when received. Investment earnings (interest) are recorded as earned since they are measurable and available.

f. Encumbrances

Governmental funds employ encumbrances accounting. Under the encumbrance system, all purchase orders; contracts and other commitments for the expenditure of funds are recorded in order to reserve that portion of the applicable appropriation. Under generally accepted accounting principles, encumbrances outstanding at year-end are reported as reservations of fund balance and they constitute neither expenditures, nor liabilities. Encumbrances constitute the equivalent of expenditures for budgetary purposes only, and accordingly, are reported with expenditures in all budgetary basis statements.

MUNICIPALITY OF BARCELONETA, PUERTO RICO
NOTES TO FINANCIAL STATEMENTS

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continuation)

g. Budgetary Control

The Municipality follows these procedures, which are in accordance with the municipal law; in establishing the annual budget as reflected in the basic financial statements.

- (1) On or prior to May 15, the Mayor submits to the Municipal Assembly a proposed budget for the fiscal year commencing the following July 1st. The proposed budget includes estimated expenditures and their financing sources.
- (2) The budget document is available for public inspection prior to its approval by the Municipal Assembly.
- (3) Prior to July 1st., the annual budget is legally enacted through passage of the annual appropriation ordinance.
- (4) Subsequent to the enactment of the annual appropriation ordinance, the Municipal Assembly has the authority to make necessary adjustments to the budget.

The budget is prepared following the modified accrual basis of accounting except for the encumbrances, as described below:

The actual results of operations, presented in the Statement of Revenues, Expenditures and changes in Fund Balances-Budget and Actual-General Fund, are reflected in conformity with the budgetary accounting of the Municipality for a better comparison with the budget information.

Amendments to the budget, and budgetary transfers related to personal expenditures, require the approval of the Municipal Assembly. Non-capital encumbrances lapse at the end of the next fiscal year. During the fiscal year, the Municipal readjusted its original budget of the General Fund Balance by \$4,551,499 from current year resources increase.

Since the budgetary basis differs from generally accepted accounting principles (GAAP), actual amounts for the general fund and debt service fund in the accompanying Statement of Revenues and Expenditures-Budget and Actual are presented on the budgetary basis to enhance comparability. The principal differences are as follows:

- (1) Encumbrances are recorded as expenditures under the budgetary basis and as reservations of fund balance under the GAAP basis.
- (2) The property tax advances are presented as revenue in the budgetary basis and as other financing sources in the GAAP basis.
- (3) The Municipality receives certain revenues as contributions from governmental entities, legislative and private parties, which are not included therein nor are the related expenditures.
- (4) Certain debt issuance to acquire personal property is reflected in the general fund and is restricted for that purpose.

The Municipality has not legally adopted a budget for the Head Start special revenue and capital projects funds. Accordingly, it has not presented an annual comparison of budget and actual for these major funds.

MUNICIPALITY OF BARCELONETA, PUERTO RICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2008

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continuation)

g. Budgetary Control (Continuation)

Legal Compliance

Article 7.003, Law No. 81 of August 31, 1991, amended require that Mayor provide to Municipal Legislature an annual balanced budge indicating: 1) interest, amortization and retirement public debt, 2) statutory obligations, 3) judicial claims payments, 4) any amount to cover prior years deficit, 5) contract commitments and operational expenditures. For annual interest and principal debt amortization, CRIM provides annual estimated resources that will be obtain of additional special property tax (municipal) collections. **The Municipality's** management shows budgetary financial statements in general and debt service funds in compliance with state law and which are based in annual activity. The legal level of budgetary control is at the individual department level for general fund (Mayor and Legislature funds) expenditures, and annual principal and interest due for debt service fund.

h. Deposits

Substantially all cash balances are commingled in a general checking account and several special purpose bank accounts, except for cash and investments restricted by law. Each fund records its equity interest in the pooled cash balance. The available cash balance in the general checking account beyond immediate needs is invested in interest-bearing deposits. Generally, cash is deposited in interest-bearing bank accounts. Investment earnings are credited to the respective fund.

Investments consist of short-term certificates and are stated at cost, which approximates fair value.

i. Inventories

The general fund purchases office and printing supplies, gasoline, oil, medicines and other items. The cost of purchases is recorded as expenditures and the inventory is not recorded in the basis financial statements since amount is insignificant.

j. Capital Assets

Fund Financial Statements

The capital assets acquired are recorded as expenditures at cost in the governmental funds.

Government Wide Financial Statements

Purchased capital assets are recorded at cost. Donated capital assets are recorded at their estimated fair value as of the time they are received by **the Municipality** and are capitalized in the Statement of net Assets. Major renewals and betterment are capitalized: replacement, maintenance and repairs, which do not improve or extend the life of the respective assets, are charged to operations.

Depreciation is provided over the estimated useful life of the respective assets on straight-line basis.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continuation)

k. Vacation and Sick Leave and Other Compensated Absences

Municipal employees are granted 30 days of vacation and 18 days of sick leave annually. Vacation may be accumulated up to a maximum of 60 days and sick leave up to a maximum of 90 days. In the event of employee resignation, the employee is paid for accumulated vacation days up to the maximum allowed. Separation from employment prior to use of all or part of the sick leave terminates all rights for compensation, except for employees with ten years or more of service who are entitled to sick leave pay to the maximum allowed. The Municipality is required to pay excess sick leave over 90 days on or before March 31 of the accumulated excess at December 31 of prior year. Employees' maximum allowed accumulated vacation, with the employer's share of payroll taxes, are accounted for in the Statement of Net Assets.

l. Insurance

The Municipality has insurance coverage for its public facilities and equipment, primarily to provide protection in case of disaster and other losses. Also, principal officials of the Municipality are covered under various surety bonds. The Secretary of the Department of the Treasury of the Commonwealth of Puerto Rico is the designated agency to obtain the necessary insurance coverage for the Municipality.

m. Restricted Assets

Investments and Certificates

Certain proceeds of as well as certain resources set aside for their repayment are classified as restricted assets on the balance sheet because their use is limited by applicable bond covenants. The "revenue bond" maintenance account is used to report those rental proceeds that are restricted for use in maintenance of the properties. The "revenue bond fund account" is used to segregate resources accumulated for debt service payments over the next twelve months. The "Debt Service Account" is used to report resources set aside to make up potential future deficiencies in the "revenue bond fund account".

Cash with fiscal agent

The cash with fiscal agent pertaining to the debt service represents property tax collections retained by the Government Development Bank for Puerto Rico and another financial institution restricted for the payment of Municipality's debt service (See Note 2) and unused proceeds from bonds and notes issued principally for the acquisition or construction of permanent improvements are accounted in the capital project fund.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continuation)

n. Reservations of Fund Balance

Reservations of fund balance represent portions of fund balances that are legally segregated for a specific future use or are not appropriated for expenditure. **The Municipality** has the following reservations of fund balance:

- *Encumbrances* – Represent future expenditures under purchase order, contracts and other commitments. These committed amounts generally will become liabilities in future periods as the goods or services are received.
- *Debt Service* – Represents net assets available to finance future debt service payments.
- *Capital Projects* – Represent net assets available to finance future capital outlays.
- *Special Revenue Fund* – Represent net assets available to finance specified outlays.
- *General Fund* – Represent net assets available not required to be accounted in another fund.
- *For other Purposes* – Represent mainly resources set aside for use in federal and state grant programs accounted for in the special revenue funds, and resources available in the general fund for the payment of certain accounts payable and commitments approved by GDB.

o. Claims and Judgment

The estimated amount of the liability for claims and judgments, which is due on demand, such as from adjudicated or settled claims, is recorded in the general fund and in the Statement of Net Assets.

p. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that effect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Data in this columns do not present financial position or results of operations in conformity with generally accepted accounting principles. Such data is not comparable to a consolidation, since Interfund eliminations have been made.

2. PROPERTY TAXES

The Municipal Revenue Collection Center (CRIM) of the Commonwealth of Puerto Rico is responsible by law for the assessment of all real and personal property located within the **Municipality of Barceloneta** and for the levy, administration and collection of all real and personal property taxes.

The property tax is levied each year on the assessed value of the property at the beginning of the calendar year. Assessed values of real property are established at the estimated current value existing in the year 1957 and of personal property at the current value at the date of the assessment.

Real property taxes are billed by the CRIM and are due in two equal installments in July and January following the assessment date. Personal property taxes are self-assessed and are due in May 15, when the property tax return is required to be filed.

The tax rate per annum is 8.08% for real property and 6.08% for personal property of which 3.83% and 1.83%, respectively, belongs to the Commonwealth of Puerto Rico and 4.25% of both percents belong to **the Municipality**. From the portion belonging to **the Municipality**, 3% represents **the Municipality's** basic rate, which is appropriated for general purposes and, therefore, accounted for through the general fund. The remaining portion belonging to **the Municipality** of 1.25% represents the "ad-valorem" tax withheld by the CRIM as fiscal agent, and restricted for debt service, which is accounted for through the debt service fund (See note 2). **The Municipality** has reached the maximum statutory tax rate limit for the basic tax while there is no limitation for the ad-valorem tax rate.

Complete real property tax exemption is granted by the Commonwealth of Puerto Rico on the first \$15,000 of the assessed valuation of owner occupied residential units. However, **the Municipality** receives the full amount levied, except for residential units assessed at less than \$3,500, on which a complete exemption is granted. Veterans have additional exemption from taxes of \$5,000 of the assessed value of real property. The Department of Treasury instead of the property taxpayer became the source of payment in these cases.

Complete exemption from personal taxes up to an assessment of \$50,000 is granted to retailers with an annual volume of net sales under \$150,000.

MUNICIPALITY OF BARCELONETA, PUERTO RICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2008

The CRIM reports annually to the Municipality the estimated basic property tax and the tax to be used for the debt service, which will be collected in the fiscal year. The basic tax is advanced to **the Municipality** during such fiscal year. It is the practice to amortize these advances through the subsequent collection by the CRIM of the basic tax from the taxpayers.

The basic property tax advances from the CRIM are recorded in the general fund as other financing sources. As this tax is collected and reported by the CRIM, it is recorded in the general fund as revenue. The property tax received from the Department of Treasury, which is related to the exoneration granted by the Commonwealth of Puerto Rico is reflected as revenue in the general fund.

Since the collection of property taxes from the taxpayers is under the administration of the CRIM, the Municipality recognized as an expenditure the operational expenses allocated by the CRIM to the Municipality, which amounted to \$ 350,871 during 2008.

The following is a summary of the property tax advances, that resulted in an accounts payable, for the year ended June 30, 2008. The resulting payable is presented as a decrease in the general fund and the Government Wide Financial Statements.

3. DEPOSITS

Deposits include investments accounts amounting to \$293,328. **The Municipality's** cash and investments at June 30, 2008, were entirely covered by the Federal Depository Insurance Corporation by collateral provided by the banks and held by the Department of the Treasury pursuant to applicable laws and regulations. Cash with fiscal agent is maintained in interest-bearing accounts in the Government Development Bank for Puerto Rico and is collateralized by the Commonwealth of Puerto Rico.

Puerto Rico laws authorize governmental entities to invest in direct obligations or obligations guaranteed by the federal government or the Commonwealth of Puerto Rico. **The Municipality** is also allowed to invest in bank acceptances, other bank obligations and certificates of deposit in financial institutions authorized to do business under the federal and Commonwealth laws. During the year, **the Municipality** invested its funds in interest-bearing bank accounts, and short-term certificates of deposit if due date is not more than 90 days, the certificate considered as cash equivalents.

4. CONCENTRATION OF CREDIT RISK

The Municipality maintains its cash account in local commercial banks, whose accounts are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. Deposits in excess of \$250,000 are collateralized by the bank securities to property safeguard such funds. Nevertheless, Management believes that concentration of credit risk is limited because balances are deposited with high standing financial institutions.

5. MUNICIPAL LICENSE TAXES

The volume of business tax is levied each year based on the prior year's gross revenues for all commercial and industrial organizations doing business in the Municipality and which are not totally or partially exempt from this under the Industrial Incentives Acts of Puerto Rico. All taxpayers are required to file an annual return of business volume by April 15 of each year.

The tax rates are as follow:

- 1% for financial institutions
- for all other organizations 0.5%

MUNICIPALITY OF BARCELONETA, PUERTO RICO
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2008

5. MUNICIPAL LICENSE TAXES (continuation)

The deferred revenue of the general fund correspond to the business tax levied received from the next fiscal year.

The minimum gross revenue to file the Volume of Business Tax Declaration is \$5,000 and the minimum tax payable is \$25. The date to file the Volume of Business Tax Declaration is April 15. The Municipality grants a 5% discount, if the taxes are paid on or before April 15. Otherwise, 50% of taxes payable must be paid within the first 15 days of each semester beginning with the first semester ending December 31.

The **Municipality** recognized an account receivable for the estimated municipal license taxes to be collected during the first two months of next year, but corresponding to current year. Municipal license taxes collected prior to June 30, 2008 but pertaining to the next fiscal year are recorded as deferred revenues.

6. INTERFUND TRANSACTIONS

13. RETIREMENT SYSTEM

Plan Description

Regular employees of the Municipality contribute to a cost sharing multiple-employer defined benefit retirement plan, administered by the Employee' Retirement System of the Government of Puerto Rico and its instrumentalities (ERS). ERS covers all regular full time public employees working for the central government, public corporations and the municipalities of Puerto Rico. The system provides retirements pensions, death and disability benefits. Retirement benefits depend upon age at retirement and number of years of credited service. Disability retirement benefits are available to members for occupational and non-occupational disabilities. Benefits vest after ten years of plan participation. The system was created under Act 447, approved on May 15, 1951, as amended, and became effective on January 1, 1952. ERS issues a publicly financial report that includes financial statements and required supplementary information of the Plan, which may be obtained from the ERS at G.P.O. Box 42005, San Juan Puerto Rico. 00940.

The annual retirement benefits for those regular full-time employees hired on or before March 31, 1990 or those attaining permanent status before that date (Old Plan) and for those hired or attaining permanent status on or after April 1, 1990 (New Plan) are as follows:

OLD PLAN

Eligibility

Pension Benefits

Age 55 and 30 years
Of service

75% of average highest compensation
during any years of credited service

Under 55 and 30 ears
Of service

65% of average highest compensation
during any 3 years of credit service

Participants in the System who retire prior to 30 years of credited service are entitled to an annual retirement benefit equal to 1.5% of the highest compensation in any 3 years of credited service for each year of service up to 20 years, and 2% for each year in excess of 20 years.

13. RETIREMENT SYSTEM (Continuation)

NEW PLAN

Eligibility

Age 65 with 10 years
of service

Pension Benefits

1.5% of average compensation during
the final 5 years of credited services
multiplied by the numbers of years
credited service

For both plans, the employees are vested when attaining ten years of credited services. Disability and death benefits are available with certain limitations and all annuities in pay status will be increased every three years by 3% subject to the approval by the Legislature of Puerto Rico.

Funding Policy

The Act 447, as amended, is the authority under which obligations to contribute to the Plan by the Plan members, employer and other contributing entities are established or may be amended. The required contributions made by **the Municipality** were based on percentages established by the Administrator of the System. Such percentages were not based on actuarial studies as required by generally accepted accounting principles. An actuarial computation of the annual contribution applicable to **the Municipality** has not been prepared. Accordingly, the amounts by which the actual contributions differ from the required actuarial contributions are not known. The Municipality's total payroll for the fiscal year 2008 amounted to approximately \$16,560,350. Members' required contributions are 5.775% of gross salaries up to \$6,600 plus 8.275% of the gross salary in excess of \$6,600 and the Municipality is required to contribute 9.275% of gross salary annually during year 2008, the Municipality's required and actual contribution under Act 447 and Reforma 2000 were \$390,740 and \$386,956 respectively.

Actuarial Valuation

The actuarial determined present value of benefits accrued as of June 30, 2005 (latest date available) for the System as whole, determined through an actuarial valuation performed at such date, amounted to \$11.2 billion. The net assets available for benefits at such date were \$2.0 billion, resulting in an excess of accrued benefits over net assets available (actuarial deficiency) of \$9.2 billion. This information is not available by each participant government agencies or municipalities.

13. RETIREMENT SYSTEM (Continuation)

Actuarial Valuation

Net assets of the system consist principally of investments in stocks and bonds and loans to participants. The projected unit credit actuarial cost method was used for the actuarial calculation. Significant assumptions were as follows:

- | | |
|--|---|
| a) Interest rate | 8.5% a year |
| b) Salary increases | 5.0% year |
| c) Mortality | GAM'83 Mortality Table set forward two years |
| d) Termination | Medium Turnover Table commensurate with anticipated experience. |
| e) Disability | 65% of Third Railroad Retirement Table Rates. |
| f) Retirement age | Graded scale of retirement ages commensurate with anticipated experience. |
| g) Proportion of participants with spouses | 80% of participants assumed to be married, with wives assumed to be four years younger than husbands. |
| h) Number of employees electing high contributions | 15% of retiring employees assumed to pay retroactive contributions at retirement. |
| i) Cost-of-living adjustments | 3% every third year |

14. LONG TERM LIABILITIES

Compensated Absences

Account for vacation and sick leave absences to be financed with governmental funds. The liability for compensated absences was recorded in the Government-wide financial statements. The balance consists of unpaid, accumulated annual and sick leave balances. The liability has been calculated using the vesting method. In which sick leave amounts for both employees who currently are eligible to receive termination payments and other employees who are expected to become eligible in the future to receive such payments upon termination are included.

16. CLAIMS AND CONTINGENCIES (continuation)

Federal Programs

The Municipality participates in a number of federal financial assistance programs. Although the Municipality's grant programs have been audited in accordance with the provisions of the Single Audit Act of 1984, as amended, these programs are still subject to financial and compliance audits and resolution of previously identified questioned costs. These grants are also subject to audit on behalf of the grantors to assure compliance with grant provisions. If expenditures are disallowed due to noncompliance with grant program requirements, **the Municipality** may be required to reimburse the grantor agency. Accordingly, the Administrations compliance with applicable grant requirements will be established at some future date. Nevertheless, **the Municipality's** management expects the amount of expenditures, which may be disallowed by the granting agencies from such audits, to be immaterial.

Comptroller's Office Audits

The Municipality of Barceloneta, Puerto Rico, has been audited by the Comptroller's Office of the Commonwealth of Puerto Rico. The Comptroller's Office has not issued a final report related to the financial operations of the Municipality for the prior period of the single audit. These audit reports do not cover any findings subsequently disclosed to Municipality operation by the Comptroller's Office.

17. SALES TAX

Persuant to the provisions of the Law number 80 of July 29, 2007 and effective August 1, 2007, the citizenship contribution was uniformly established in 1.5%, of which 1% will be collected by the Municipalities and the remaining .5% will be collected by the Treasury Department of the Commonwealth of Puerto Rico. Also, this Law uniformed the use of the contributions of 1.5% in the following activities; solid waste disposal costs, recycle, public works and improvements, health services and security services.

19. MUNICIPAL SOLID WASTE LANDFILL CLOSURE AND POST-CLOSURE COST:

The Municipality of Barceloneta discontinued the landfill operation on December 31, 1998 according to United States Environmental Protection Agency (EPA) by the Consent Decree (CERLA -00304). State and Federal laws and regulations require the Municipality to perform certain closure procedures and establish monitoring and maintenance function at the landfill for 30 years after closure. The Environmental Protection Agency (EPA) determined that the Municipality of Barceloneta together ten pharmaceuticals companies were responsible for the existence of contamination on the landfill. The Municipality and the other responsible parties signed to under take the obligations established in the consent decree with an estimated total cost of \$5,000,000. During this year the Municipality provided maintenance to the landfill super fund site with the employees of public work department. In addition, during fiscal year 2005-2006 the U.S. Environmental protection Agency presented the first five – year review (the report) for Barceloneta Landfill site and found that the remedy was constructed according with the requirements of the Record of Decision and that the remedy is functioning as designed according to the report the immediate threats have been addressed and the remedy is protective in the short-term. The report also indicated that final institutional controls should be implemented in order for the remedy to be protective in the long-term.

20. CONTINGENCIES, LIABILITIES FOR CLAIMS AND JUDGMENTS AND OTHER

Contingencies and claims and judgments against the Municipality

The **Municipality** is a defendant in a number of lawsuits arising principally from claims against the **Municipality** for alleged improper actions. It is management's opinion, based on the advise of the legal counsel, that the probable claims against the **Municipality** not covered by insurance are by the amount of \$2,000 at June 30, 2008, the financial condition of the **Municipality** adjusted for that amount.

21. PRIOR PERIOD ADJUSTMENTS

General Fund, Special Funds and other funds

The beginning balance of special funds and other fund, includes fund balances from prior year, was adjusted to the proper fund to reflect proper balance of accounts. The General Fund was adjusted by the accounts payable cancelled from prior year.

To the Mayor and Municipal Council
Municipality of Barceloneta, Puerto Rico

I have audited the financial statements of the governmental activities of Municipality of Barceloneta, Puerto Rico as of and for the year ended June 30, 2008 and have issued my report thereon dated December 1, 2008. I conducted my audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing my audit, I considered Municipality of Barceloneta, internal control over financial reporting as a basis for designing my auditing procedures for the purpose of expressing my opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Municipality of Barceloneta internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the Municipality of Barceloneta, Puerto Rico's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely effects the Municipality of Barceloneta Puerto Rico's ability to initiate, authorize, record, process or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement the of the Municipality of Barceloneta, Puerto Rico's financial statements that is more than inconsequential will not be prevented or detected by the Municipality of Barceloneta, Puerto Rico's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Municipality of Barceloneta, Puerto Rico's internal control.

My consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be material weaknesses as define above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Municipality of Barceloneta, Puerto Rico's financial statements are free of material misstatement, I performed test of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and which are described in the accompanying schedule of findings and questioned costs as item 2008-01 and 2008-2.

I noted certain matters that I reported to management of Municipality of Barceloneta Puerto Rico in a separate letter dated December 1, 2008.

Municipality of Barceloneta, Puerto Rico's response to the findings identified in my audit is described in the accompanying schedule of findings and questioned costs. I did not audit the Municipality of Barceloneta, Puerto Rico's response and, accordingly, I express no opinion on it.

The report is intended solely for the information and use of management, Municipal Council and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO
EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE
IN ACCORDANCE WITH OMB-CIRCULAR A-133**

To the Mayor and Municipal Council of the
Municipality of Barceloneta
Barceloneta, Puerto Rico

Compliance

I have audited the compliance of the Municipality of Barceloneta, with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. The Municipality of Barceloneta major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of Municipality of Barceloneta Management. My responsibility is to express an opinion on of Municipality of Barceloneta compliance based on my audit.

I conducted my audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, "Audits of States and Local Governments". Those standards and OMB Circular A-133 require that I plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Municipality of Barceloneta' compliance with those requirements and performing such other procedures as I considered necessary in the circumstances. I believe that my audit provides a reasonable basis for my opinion. My audit does not provide a legal determination on Municipality of Barceloneta' compliance with those requirements.

In my opinion, Municipality of Barceloneta, Puerto Rico, complied in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008. However, the results of my auditing procedures disclosed instances of non-compliance with those requirements, which are required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as item 2008-01 and 2008-2.

Internal Control Over Compliance

The management of Municipality of Barceloneta is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing my audit, I considered Municipality of Barceloneta internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine my auditing procedures for the purpose of expressing my opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of Municipality of Barceloneta internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Municipality of Barceloneta, Puerto Rico's internal control over compliance.

A *control deficiency* in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A *significant deficiency* is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

My consideration of internal control over compliance was for the limited purpose described in first paragraph of this section and would not necessarily disclose all deficiencies in internal control that might be significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over compliance that I consider to be material weaknesses, as define above.

Municipality of Barceloneta' response to the findings identified in my audit are described in the accompanying schedule of findings and questioned costs. I did not audit Municipality of Barceloneta' Puerto Rico's response and, accordingly, I express no opinion on it.

This report is intended solely for the information and use of management, Municipal Council, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Ref. No. Finding / Noncompliance

2008-01 Statement of Condition and Criteria

It was noted in my test of compliance that the Municipality's financial management system did not comply with the cash management requirements established by the United States Treasury. According to these requirements the Municipality had to establish procedures to minimize the time elapsing between the transfer of funds from the Office of Children and Families Administration and the disbursements by the Municipality. It was noted during my audit that Municipality held cash balances over \$5,000 for periods longer than 20 days.

Cause

The Municipality did not comply with the Cash Management Requirements of the Department of Treasury of the United States as per Title 45 of CFR, part 92, Cc) (7).

Effect

The Municipality did not maintain adequate procedures for the Administration of cash to determine properly their use needs.

Auditor's Recommendation

The Municipality should establish adequate procedures in order to control in a more effective manner the need and use of the federal funds and establish internal procedures to minimize the time elapsed to disburse the funds receive.

Municipality Response:

We concur with auditor's recommendations. The Municipality evaluates the actual administrative procedures followed to establish a procedure to minimize the time between the funds received and the disbursements.

2008-02 Statement of Condition and Criteria

It was noted in my test of compliance that the Municipality's financial management system did not comply with the cash management requirements established by the United States Treasury. According to these requirements the Municipality had to establish procedures to minimize the time elapsing between the transfer of funds from the HUD and the disbursements by the Municipality. It was noted during my audit that Municipality held cash balances over \$5,000 for periods longer than 3 days.

Cause

The Municipality did not comply with the Cash Management Requirements of the Department of Treasury of the United States as per Title 24 of CFR, part 84, Cc) (7).

Effect

The Municipality did not maintain adequate procedures for the Administration of cash to determine properly their use needs.

Auditor's Recommendation

The Municipality should establish adequate procedures in order to control in a more effective manner the need and use of the federal funds and establish internal procedures to minimize the time elapsed to disburse the funds receive. The municipality should apply for an authorization from HUD to invest the excess of cash.

Municipality Response:

We concur with auditor's recommendations. The Municipality evaluates the actual administrative procedures followed to establish a procedure to minimize the time between the funds received and the disbursements and will apply for an authorization from HUD to invest the excess of cash.
